REPORT MEXICAN REBELS AGAIN FALLING BACK

ROGERS HOPES SHIP SINKING ISN'T LAID BEFORE DIPLOMATS

Special To The News
NEW YORK, March 26.—When they sink that ship, they sink the Mexican navy, says a state secretary of state's arrival. Brundage's tariff, and Dabbs' bill, is far as public excitement is concerned. Interfering with the import of a national commodity is hitting at the very vitals of our existence. One thing must be said in favor of the coast guard. They didn't sink it till after it was unloaded. Thereby giving the owners a chance to pay for the ship. Some predict trouble with England over it. I don't think so, especially if we can keep it out of the hands of diplomats. Yours, WILL.

PA NEWS OBSERVES

Temperature records for March were just about equalled if not broken yesterday when the thermometer downtown went over 80. This morning however they showed a drop of 40 degrees. Lawrence county hasn't much to brag about in the fact that there are 43 applications for divorce to be heard in court on Friday, a record for the county. Pa News is inclined to believe that serious heed should be paid to the statement of Councilman Reeves in the session yesterday in which he demanded that the channel of the Ne-shannock be cleared of the dirt at the bridge building at North street. The channel is partly choked in such a manner that high water would do a lot of damage it is feared. This dirt should be removed and the channel cleared. Some auto drivers seem to think that because they have the green light they have a license to cross the street intersection at 40 or 50 miles an hour. Pa News saw a car go through North and Mercer streets at a speed that was easily more than 40 miles an hour. Some break had to occur in the weather. It has been entirely too hot during the past two days. Vegetation was advancing too fast for this time of year. People who like beautiful flowers should take advantage of the opportunity to see the wonderful collection of tulips, hyacinths, the lilies, at Welker's greenhouses. It is one of the most wonderful sights Pa News has seen in a long time. Mercer street, between Lincoln and Grant, is in rough condition, especially the last few feet at the bottom of the hill, where some bumps are almost a foot high. Many an unwary motorist coming down the hill too fast gets a shaking up at this spot. Country roads are still in bad shape. Pa News observed a lumber truck stuck in the mud out along (Continued On Page Two)

When I Was 21

Frank M. Wilson, superintendent of mails at the New Castle post office was in the grocery business on the West Side of this city when he was 21 years of age. He later became a special clerk at the court house for some time and in the year 1898 entered the local post office where he has been employed since. His latest promotion has been to the position of superintendent of mails. Mr. Wilson is a resident of Harrison street.

Britain-Canada Will Protest On Vessel Sinking

Revision Of Anti-Smuggling Treaty Is Very Likely As Result Of Ship Sinking
Joint Protest From Great Britain And Canada Expected At Washington

By PIERCE MILLER
International News Service Staff Correspondent
WASHINGTON, March 26.—Revision of the anti-smuggling treaties this country has with Great Britain and Canada, with a tightening up of the British conception of international law, may result from the sinking of the British auxiliary schooner "Imogene" by gunfire from the coast guard cutter "Albatross" last night and fifteen wounded.

MANY HURT IN RIOT AND PANIC AT FIGHT IN CHICAGO COLISEUM

CHICAGO, March 26.—Approximately 100 persons were being treated today for injuries sustained in a riot and panic during the Jackie Fields-Jack Thompson boxing show at the Coliseum last night. Upwards of 9,000 spectators were packed in the old, gray-stone building at the time. Thirty of the more seriously injured were rushed to nearby hospitals. Most of these suffered fractured limbs from the crush of the mob. Others were badly hurt when they leaped or fell from the balcony. A few were pushed through rear windows. One of the many women present was seriously injured when trampled. Feeling aroused over the mixed bout, a fight between Fields and Thompson, a negro, Fields a white man. In the eighth round, after Thompson had taken a lot of punishment, a negro fan and a white sitting beside him in the southeast balcony, started a brawl. Order broke down in the vicinity of the brawl, fearful that a gang fight had started, added to the confusion by drawing guns. As the balcony fans stormed the aisles someone screamed "Fire!" Spectators in other sections of the crowded hall, not knowing the cause of the confusion and then hearing the sickening cry of "fire" bolted (Continued On Page Two)

Owen Fox Hurt In Auto Crash

Returns In Worse Condition Than When He Left For Battle Creek

While his visit to Battle Creek, Mich., last week was made primarily for the purpose of getting a brief rest, Owen Fox, 26, of 726 Emerson avenue, this city, returned home yesterday, feeling a bit worse than when he left. Near the end of his automobile journey to the Michigan city, the machine in which he was riding collided with that of a resident of the state of Illinois. Fox suffered extensive injuries as the driver of the machine in which he was riding was badly damaged. Mr. Fox said today that the accident happened just when they were turning on to the Chicago Pike, at a point near the Illinois-Michigan state line. No car was in sight when they went into the highway, but somehow, and in some way before they were across, a large car side-swiped their Dodge sedan at a high rate of speed. Fox was thrown out and dazed for some time. He suffered two broken ribs and a bad cut on the leg. His friend received cuts on the hands and head. Elmer Gibbs of Lexington, Mich., the friend who had traveled the entire distance to New Castle to take Mr. Fox to Battle Creek, summoned a wrecker at once. Both men were taken to Battle Creek and treated and then sent to their respective homes. CAN THIS BE TRUE? NEBRASKA CITY, Neb., March 26.—You seldom find a bricklayer clamoring for a reduction in the wage scale. Yet the local union has reduced the scale of \$1.32 an hour to \$1.25 believing that the lower scale will promote more building.

Woman Is Shot During Raid

Small Son Seizes Gun And Starts Shooting At Officers

DEPUTY SHERIFFS IN RAIDING SQUAD

AURORA, Ill., March 26.—Mrs. Lillian De King, 35, mother of a 9-year-old boy, is dead, and her husband and a dry agent are wounded today following a raid on the De King home here last night. Deputy sheriffs who staged the raid said Mrs. De King was struck by a wild bullet as she dashed across the room to telephone an attorney. The woman's little son seeing his mother fall dead, seized a gun and fired at the raiders. He shot Roy Smith in the leg before he could be disarmed. The boy's father was clubbed insensibly with the butts of revolvers when he resisted the officers. Inquiries were under way today to fix responsibility for the slaying of Mrs. De King, for the clubbing of her husband Joseph and the terrorizing of their 9-year-old son Gerald. The boy after seeing his mother shot down, seized a revolver from the hands of the unconscious father and began firing on the raiders. He shot (Continued On Page Two)

"Literary Secretary" Is Named By Hoover

French Strother To Be "Literary Secretary" To President Herbert Hoover

WASHINGTON, March 26.—Another Democrat has joined the official family of President Hoover. He is French Strother, the writer. He will be in effect the "literary secretary" of the new regime—the fourth secretary to the president. Strother will have two duties. First, he will be expected to answer unusual mail—such as the letter from the proud mother of twins who has named them "Herbert" and "Lou" or the 100 year old man who cast the first vote of his life for Mr. Hoover. Second, he will be charged with delving into the historical background of any occasion the President chooses for a speech, this background to be worked out into the address. Selection of Strother was taken as another indication of the President's desire to surround himself with assistants he regards capable, regardless of their politics. "Who's who" lists Strother as a Democrat, although he did work for the Republican party during the recent campaign.

Twenty Two Take Service "Exams"

Twenty-two young men took examinations for positions as policemen at city hall, last night when the civil service commission conducted the tests. The members present were McPate and Orth. Ralph Cooper, secretary, took charge of the papers.

Calvin Coolidge In Senatorship Fight, Rumored

Groundwork Laid For Coolidge To Ascend To Massachusetts Senatorship

GOVERNOR FULLER MAY BE OPPONENT

Butler-Stearns Faction Will Boost Coolidge; Fuller Backed By Hoover Forces

By GEORGE R. HOLMES
International News Service Staff Correspondent
WASHINGTON, March 26.—Senator Calvin Coolidge of Massachusetts: Political Washington heard with undisguised interest today that the former president is looking not unkindly upon a movement begun by some of his Massachusetts friends to send him to the United States Senate next year. Should such a thing eventuate, Mr. Coolidge would be following the example set by another distinguished Bay State president, John Adams, who one hundred years ago retired from the presidency and then returned to Washington as a member of congress. Groundwork Laid The political groundwork for Mr. Coolidge's case is already being prepared, according to word reaching political circles here. It is in the hands of ex-Senator Wm. M. Butler, who managed the Coolidge campaign in 1924, and of rank W. Stearns, who throughout Mr. Coolidge's occupancy of the White House was his political shadow, coming and going almost as a member of the family. Presumably this groundwork is being prepared with Mr. Coolidge's tacit consent. For if he did not regard the project with some favor he could stop it with a word. Thus far there has been no such word. The senate seat in question is now occupied by Senator Frederick H. Gillett, who is approaching his 78th year, and who by the 1930 campaign would be getting close to 80. Senator Gillett is not expected to be a candidate to succeed himself. Fuller Is Candidate However, there is another candidate in the picture in the person of the militant ex-governor of Massachusetts, Alvan T. Fuller, who has (Continued On Page Two)

RAINS CHECK FOREST FIRES

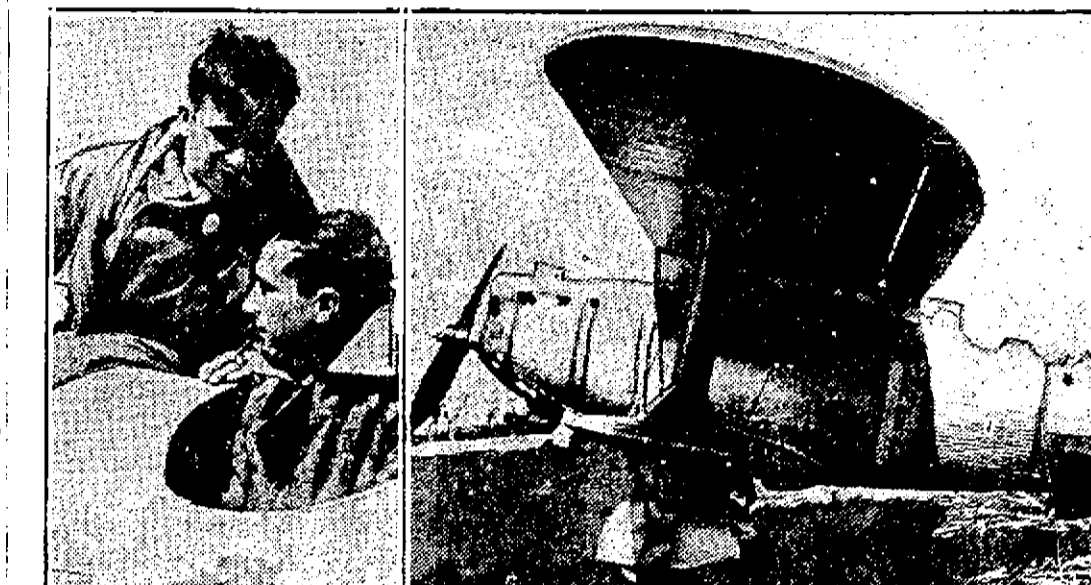

GREENSBURG, March 26.—Torrential rains today removed the immediate menace of more forest, and brush fires which yesterday burned several thousand acres in the eastern section of Westmoreland county and resulted in the summoning of aid from here and other nearby communities. Forests near Ligonier, Chestnut Ridge, near Kingston, where 100 acres were devastated, Segertown section in Derby township, Oxford Park and Skidmore near Greensburg, and the Kregar sector in the mountains of Cook township were among the hardest hit by the flames. The burning of safety strips were resorted to in nearby districts to halt the advance of the fire.

Company B Plans For Inspection

Federal Officers To Be Here Monday To Swear Unit Into Cavalry

Plans for the Federal inspection of Company B, 125th Engineers, N. G. P., will be completed at the meeting of the unit in the Armory on Neshean road avenue, Friday evening. Final instructions and drill for the coming event will take place at 11 a. m. Capt. Raymond Walters, state today. A preliminary inspection will be made by the company officers on Sunday afternoon. No word has yet been received as to who the examining officers will be, but announcement is expected to be received the latter part of the week.

Spanish Fliers Span South Atlantic

With their objective as Rio de Janeiro, the Spanish aviators, Capt. Francisco Iglesias and Ignacio Jimenez, took off from Seville, Spain, in their plane, Jesus Gran Porder. Marshal Foch Is Laid To Rest As Thousands Mourn

Magnificent Funeral Of National Color Takes Place Early This Morning

HIGH DIGNITARIES ATTEND SERVICES

Famous Commander Of Allied Armies Is Placed To Rest Beside Napoleon Bonaparte

By FREDERICK K. ABBOTT
International News Service Staff Correspondent
PARIS, March 26.—Marshal Ferdinand Foch, idol of France found eternal rest today within the shadow of the sarcophagus of Napoleon, beneath the mighty gold dome of the Invalides.

Nations mourned while a solemn funeral service was held this morning in the ancient and historic Cathedral of Notre Dame. This mourning was symbolized by the representatives who gathered at the Cathedral from many countries, both far and near. After the service the coffin containing the body was placed upon a gun carriage, after the fashion of military honors in death, and borne slowly through the streets to the Invalides while reverent crowds stood silent with bowed heads.

Services Are Brief The funeral service at the Cathedral (Continued On Page Sixteen)

NEW CHURCH BUILDING NOW BEING PLANNED

Pentecostal Tabernacle To Have Fine New Church Home Soon

Comes As Result Of Sale Of Property To S. C. Moore Recently

In the course of the next five or six weeks, the Keystone Delivery Transfer and Storage company, S. C. Moore, proprietor, with its office 124 Sycamore Way, will be housed in its modern fireproof plant located at South and South Beaver streets. This concern, it was stated this morning, has not only purchased the large vacant property at Beaver and South streets for its fine new building, but also the Pentecostal Tabernacle, adjoining the vacant property and located on South street and Diamond Way. The purchase of the church was completed for the purpose of enabling a Keystone company to have additional room and street frontage that is needed. It also means that the Pentecostal Tabernacle, which is affiliated of the Pentecostal Assemblies of God, will in the immediate future start (Continued On Page Two)

LISBON RAILROAD FAILS TO RECEIVE APPROVAL

Commission Says Youngstown To Ohio River Route Not In Public Interest

Application For Permission To Construct Line Is Not Granted

WASHINGTON, March 26.—An application of the Pittsburgh, Lisbon and Western railroad for authority to construct several branch lines providing rail transportation between the Ohio river and the Youngstown district in connection with transportation on the Ohio river and connecting waterways, was denied today by the interstate commerce commission as not being in the public interest. At the same time the application of the Montour railroad, owned by the Pittsburgh Coal Co., to acquire the Pittsburgh, Lisbon and Western by purchase of capital stock, was also denied upon the same grounds.

Call Rate Money Soaring Today

NEW YORK, March 26.—The call loan rate in the stock market soared to 17 per cent today as brokerage houses and speculators bid frantically for the dwindling supplies of money coming to Wall street. This is the highest rate since February, 1920.

Coast-To-Coast Flier Is Forced To Land Plane

Okey Bevins, Wires Roosevelt Field That He Was Forced To Land In New Mexico

ROOSEVELT FIELD, N. Y., March 26.—A telegram received here this morning from Okey Bevins, attempting an Eastern Coast-to-coast stop solo flight, indicated that the flyer was forced down in New Mexico. The telegram was sent from Willard, New Mexico, and read: "Forced down early this morning O. K. (Signed) 'Bevins.'" Bevins took off from Metropolitan Airport, Los Angeles, at 5:53 yesterday afternoon, in a little Lockheed monoplane, in an attempt to reach the field here. The message received here is regarded as authentic although no confirmation of it has been received from any source.

State Solons In Louisiana Have Torrid Session

Demand For Probe Of Governor Long's Conduct Causes Riot In Assembly

HECTIC SCENES OCCURS IN ROOM

Chair Overruled And House Of Representatives Stays In Session

BATON ROUGE, La., March 26.—Charges of impeachment were filed today against Gov. Huey P. Long of Louisiana by the state legislature. Nineteen separate and distinct charges were made against the chief executive, including bribery and an attempt to "squander estate funds."

BATON ROUGE, La., March 26.—An atmosphere reeking with suspense was impinged against the Louisiana capital today in the wake of the flaring up in the state house of representatives last night of one of the hottest political battles in state legislative annals. Pandemonium broke loose through the stately chambers when foes of Gov. Huey P. Long sought to force a measure demanding an investigation of the chief executive's official conduct. Before this was accomplished, however, administration leaders offered a motion for sine die adjournment, and Speaker John B. Fournet put it to a vote.

First Fights Start. The speaker announced the vote as 88 for adjournment and 13 against. Then wild disorder started. Shouting at the top of their voices, representatives stormed the speaker's dais, jumping over chairs and the press table. First fights started in every corner of the room, and the sergeant-at-arms was powerless to restore order. Speaker Fournet retired from his chair.

Rep. Lavinius L. Williams of New Orleans took possession of the speaker's chair and requested all "red-blooded" members to stay in session. A wave of cheers greeted the request. "In the name of all that is sane, let's appeal from the ruling of the chair," Rep. Mason Spencer of Madison cried. A calm settled over the turbulent session and a polling committee was named. The vote was announced as 72 against adjournment sine die, seven for and 14 not voting. George J. Ginsberg was chosen temporary chairman. Assuming the chair, he announced an adjournment until 11 o'clock this morning.

Spanish Airmen Cross Atlantic; Land At Bahia

Fall 500 Miles Short Of Original Goal But Fly 4000 Miles

WILL CONTINUE TO RIO DE JANEIRO

Made Flight Across South Atlantic, Starting From Seville, Spain

BUENOS AIRES, March 26.—The two Spanish Trans-Atlantic aviators, Captains Francisco Jimenez and Ignacio Iglesias, landed at Bahia at 10:30 o'clock today, after completing a nonstop flight from Seville, Spain. Although they were forced to earth approximately 500 miles short of their announced destination, which was this city, the airmen were delighted with their feat in having flown the Atlantic.

They announced upon landing that they would remain at Bahia for 48 hours to rest from their long grand in the air before continuing on to Rio de Janeiro. London, March 26.—Although they succeeded in making a trans-Atlantic non-stop flight from Seville, Spain, to Bahia, Capt. Francisco Jimenez and Capt. Ignacio Iglesias were forced to land at Bahia, approximately 500 miles north of Rio de Janeiro, said an Exchange telegraph dispatch from Rio this afternoon. The airmen had planned to fly to Rio without a stop and then continue southward if their fuel held out and weather conditions were satisfactory, but, according to the Exchange telegraph, they were compelled to land even before getting to Rio. Two Exchange telegraph dispatches were received from Rio. The first said it was reported the fliers had landed at Bahia. The second said it was confirmed that the landing had taken place and that the men came down at the Camassary Air- (Continued On Page Five)

Chicago Dairy Is Robbed By Bandits
Dairy Company Official Wounded: Believed Were Gary Thugs
CHICAGO, March 26.—Five masked bandits, believed to be the same gang which held up a Gary, Ind., bank yesterday, obtaining \$5,000, today entered the offices of a dairy company here, lined 20 drivers against the wall, wounded the assistant manager in a burst of gunfire and fled with \$5,300. The description of the automobile abandoned by the bandits today corresponded with that used by the Gary robbers. Herman Morgenstern, the assistant manager, was wounded in the side when he attempted to save the payroll.

Arthur Mometer

There's a heap of satisfaction in a shiny auto car, there's a lot of pride in owning one in driving near and far. But here's the thrill of all it in autos off or time, when you can say unto yourself, old man, the car is mine. I do not own 'em, nor horn or wheels, the seats and top are paid, it may not be the finest bass the auto men here made. It may not be a splendid eight, not get a snappy six, it may be only just a four, and given much to trucks. But if the car is all paid off, and you owe not a dime, it seems to me the joy is more, you have a better time. So it appears to folks like me, and once more let me say, a car you own is much more fun, it's forty-two today.

CELEBRATE BIRTHDAY AT SURPRISE PARTY

Thirty-five guests were entertained at a surprise party in the home of Mrs. Philip Wink, 8 Mill street, Monday evening, in honor of the birthday anniversary of her husband.

Radio music and 500 were pleasures of the evening and the prize was won by Wallace McGahn. Many lovely gifts were presented the guest of honor.

A large birthday cake and Easter novelties decorated the table, and the hostess was assisted in serving dainty refreshments by Mrs. Wallace McGahn, Mrs. Trevor Richards, Mrs. Albert Jones and Mrs. Avery Rigby. Mrs. James Hastings, and daughter Charlotte of Alhambra, Cal., were out of town guests.

Triple Anniversary
Mr. and Mrs. William Morris of New Castle, R. D. 5, entertained at a chicken and duck dinner in celebration of the birthday anniversaries of their son, Louis; Mrs. John Spiker, and her son, David. Covers were laid for 18 guests and an elaborate menu served.

Radio music and selections on the harmonica by Mrs. John Spiker were enjoyed.

The guests included Mrs. John Spiker and children, Stephen, Mary, Helen, John, Ernest and David; Mr. and Mrs. William Morris and children, Almore, Earl, Lloyd, Dean, Billy, Anna, Nellie, Mary, Louis and Alice. Mrs. Sarah Morris of Coal-town, was a guest during the afternoon.

Birthday Party.
Mrs. S. C. Donley of Gardner Lane, was pleasantly surprised Saturday evening when a number of friends gathered in honor of her birthday anniversary. Music and various social pleasures were enjoyed and the guest of honor received a number of lovely gifts.

Yellow and white tones were carried out in the dainty refreshments served by the ladies.

The guests included Mr. and Mrs. Ed Donley and children Jack and Dorothy; Mrs. Rachel Bowden, Mrs. Carl Kirschner, Mrs. Irene McLane, Mrs. Jennie Anderson and sons Curtis and Bobby; Lawrence Donley, Ethel Donley, Mrs. Ella McCune, Howard McCune, Carl Lutton, Mrs. John Rush and children Harold and Clare Mae; Mr. and Mrs. S. Drunken Driver Is Given Term To Workhouse

James Aeilio Of Wampum
Sentenced Three Months
To Workhouse This
Morning

OTHERS ARE SENT TO COUNTY JAIL

James Aeilio of Wampum, who was convicted of operating a motor vehicle while intoxicated, was sentenced to pay a fine of \$200 and costs and given three months to the Allegheny county workhouse at sentence court held by Judge Hildebrand and Chambers this morning.

Ben Polise, for operating a motor vehicle while drunk, was fined \$200 and costs and given three months to the county jail to be released in one-half that time upon the payment of fine and costs.

John Strunk, possessing and transporting liquor, \$100 fine and costs and four months to the workhouse.

Paul Patrillo, allowing an intoxicated person to drive his automobile, \$200 fine and costs and three months to the county jail to be released in one-half that time upon the payment of fine and costs.

Neille Pasquella, who was sentenced to six months in the county jail for possessing liquor, was paroled upon a petition presented by Attorney Orville Brown. The petition set forth that Mrs. Pasquella is suffering from erysipelas, her husband has gone to another state and she has no other children to support. The children are aged 6, 8, 11, 13 and eighteen years of age. The daughter, aged 13, is in poor health and is unable to work to support the family.

In view of the circumstances and the fact that Mrs. Pasquella is suffering from erysipelas, and should not be confined in jail, she was paroled for three years.

Bessie Moore, convicted of second degree murder in connection with the shooting of William Jones of Wampum, was not sentenced this morning as expected. There is some question as to where she can be sent and the judges are awaiting some further information from penal institutions.

Rain Extinguishes Local Grass Fires

Blaze Of Serious Proportions On
Elizabeth Street Stopped
By Rain

Rain yesterday saved the local firemen two jobs of fire fighting, when it extinguished two blazes in different parts of the city.

Chief Charles Lynn was called to Gaston Park at 2:30 yesterday afternoon, by the report that a grass fire was in progress. A good shower came up just as he arrived on the scene, however, and the blaze died out.

At 7:30 last evening, Howard Phillips of Hillcrest avenue, reported a serious blaze in the woods on Elizabeth street extension. Assistant Chief Craig and Fireman Shook answered, but the severe thunder storm of last evening broke just at this time, and by the time they had arrived, the fire was checked.

Three other grass fires were reported during the afternoon, one in the rear of 708 Sampson street, another on the old golf grounds on Vine street, and another at Cedar and Mahoning avenues.

Louden Twins In National Tourney Games

Two New Castle girls, twin sisters, are at Wichita, Kan., at the present time along with the other members of the girls' basketball team of the Slippery Rock State Teachers' college. The team is entered in the national schoolgirl basketball eliminations which are now being played there.

The Misses Mary E. Louden and Sarah L. Louden, twins by the way, of 1503 Delaware avenue, are New Castle's representatives on the trip. It will be remembered that both were active in athletic circles while students in the New Castle senior high school, from which institution they were graduated several years ago.

W. H. Leight Will Enter Tourney

W. H. Leight, New Castle man, will go to Pittsburgh Wednesday to represent the Pennsylvania railroad's Lake Grand division in the company's central region billiard eliminations.

STIMSON ARRIVES TO JOIN HOOVER

Colonel Henry L. Stimson, former governor general of the Philippines, snapped as he waved a greeting to crowds in San Francisco, on his arrival from the islands en route to Washington to take up his post as secretary of state in the Hoover cabinet. Colonel Stimson was secretary of war in the cabinet of former President Taft.

New Location For Director Of Poor

To Move Office To Court
Street Site This Week Sometime; Larger Quarters

Effective April 1, or soon after, the office of the Lawrence county poor director will be located at 427 Court street instead of at its present location at 268 1/2 East Washington street. The move is being made to secure larger quarters for the handling of the county poor. During the past year

the work has increased considerably, making necessary the move to the Court street site. The new office is located not far from the court house.

Moving Picture At Greenwood Church

A moving picture entitled "The Transgressor," a true story of the underworld, will be given at the Greenwood M. E. church Wednesday evening, March 27, at 7:45.

The picture is very interesting and absorbing. It succeeds in its purpose by contrasting the good effects of prohibition enforced and observed with the evil effects arising from disrespect for law. There will be no admission.

INSTALLING SERVICE
William Clark Company today was given sanction by the city engineer to excavate at 213 Meyer avenue, Bergland property, to install plumbing.

Famous Movie Star Visits New Castle Thursday-Friday

Bob Curwood, movie star and relative of the famous novelist, will make a personal appearance at the Regent Theater Thursday and Friday afternoon and evening. He will also be featured in his feature picture he just completed for Universal Pictures Corp. In addition to Curwood's appearance and his picture the Regent will also present "Monte Blue in 'Greyhound Limited'." All those who wish to see a fine big show and also see this famous movie star in person are argued to be sure and not miss seeing this big show.

Stimson Ready To Take Up Duties As Secretary Of State

WASHINGTON, March 26. (AP)—Mr. Stimson, secretary of state, is ready to take up his duties as secretary of state.

He will take up his duties as secretary of state on Monday, March 27.

The arrival will mark the beginning of a new era in the history of the United States. Mr. Stimson will be the first secretary of state to have been a member of the House of Representatives.

Three things stand out in Mr. Stimson's mind:

1. Improvement of South and Central American relations.

2. Furtherance of the disarmament program initiated under President Harding.

3. Selection of the men who will hold the key posts in the diplomatic service for the next four years.

Fresh from the "good will" tour of South America, the president is anxious to strengthen the bonds between the two continents of the western hemisphere.

Trade relations particularly will come up for discussion. Further, there is the question of Nicaragua, and others of the Central American republics, where armed intervention from time to time has aroused opposition.

In the discussion of disarmament, Hugh Gibson, American ambassador in Belgium, will join. He is a house guest at the executive mansion and expects to sail for Europe within a week to head the American delegation to the preliminary meeting of the

League of Nations disarmament conference. During the first few days of the week he will receive his final instructions.

The third matter President Hoover will take up with his secretary of state is diplomatic appointments. Repeatedly it has been announced from the White House that no changes in the diplomatic service would be considered until after Stimson's arrival from the Philippines, London and Paris are the two posts in which the most interest is being displayed.

Kellogg, the retiring secretary of state, has arranged to start his twelfth postponed trip to Europe this week. He will not leave Washington until Friday, however, so that he may confer with Mr. Hoover and his successor.

Mr. Stimson will be the first secretary of state to have been a member of the House of Representatives.

Solution to Yesterday's Puzzle

MR. DRAKE, WEATHER PROPHECY

Drake looked scornfully at Peter. "Oh, is that so?" demanded he. "No storm coming! Then you don't use your eyes as well as I thought you did. You think the sky is just as clear as it has been. What about that dull gray streak across it—way off just as far as you can see? Watch it for awhile and you will find out that it is growing darker and wider every minute.

"And the wind is no stronger? Let you know about it. What about those little ripples along the surface of the water? They were not there an hour ago. The surface of the pool was then as smooth and clear as a piece of glass! What do you suppose is the cause of that? The wind, of course; it is making the water so angry that by and by it can keep its temper no longer and will foam and bubble and lash itself into fury, thinking all the time it is fighting the wind, but really and truly making things harder for itself.

"Perhaps you have not noticed, either, young Two-Legs, that the water close to the bank is freezing. To be sure it is now so thin that a field mouse would be afraid to trust its weight upon it, but it means that Jack Frost is here, and close upon his tracks are hurrying his dreaded companions, Snow and Ice. A pond is no place for those fellows to catch a duck. Salt water is the only place he can afford to let cold weather overtake him.

"Drake was somewhat puzzled by Drake's last remark.

"If you are so afraid of cold weather overtaking you on the pond why in the world do you start straight for the sea? Why don't you keep away from the water altogether—fly inland, for instance, and find a warm home in the woods?"

Drake turned around and stared at

WHAT ABOUT THOSE LITTLE RIDGES ALONG THE SURFACE OF THE WATER?

the boy, and the bird looked very scornful indeed.

"Are you crazy, boy?" asked he. "By inland, indeed! Don't you know that we Ducks would die if we could not be in the water?"

"It is all very well to make a visit to the land or even to sail through the air for a while, but when it comes to living—the water for us."

"I should think that you would guess why we leave the pond for the sea. The fresh water freezes but the salt water does not, and when we are tired of tossing about on the waves we may rest in the smooth, unfrozen, quite out of the reach of all danger from either sea or land—all winter long if we wish. Say, boy, do my eyes deceive me, or is there something flying this way?"

"I see a speck in the sky, cried the boy, looking in the direction in which Drake was pointing, and I think—yes, I am sure—that speck is moving."

The Proposed 4c Gas Tax Should Be Defeated

BECAUSE:—

It is excessive; is in effect 25% sales tax; is unjust; is unnecessary.

BECAUSE:—

Revenue from Pennsylvania Motorists now exceed those from Motorists of any other state by approximately eleven million dollars annually.

BECAUSE:—

The 1c per gallon increase in tax will cost Lawrence County Motorists over eighty-six thousand dollars per year.

\$12,037,295.22, was collected by the State during the last six months of 1928. Of the above amount \$2,017,811, goes back to the counties for road work.

Fat Girls! Here's A Tip For You

All over the world Kruschen Salts is appealing to girls and women who strive for an attractive, trim figure that cannot fail to win admiration.

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one quarter teaspoon of Kruschen Salts in a glass of hot water before breakfast.

Be sure and do this every morning for it's the little daily dose that takes off the fat—Don't miss a morning!

The Kruschen habit means that every particle of poisonous waste matter and harmful acids and gasses are expelled from the system.

At the same time the stomach, liver, kidneys and bowels are toned up and the pure, fresh blood circulating. Sixteen life-giving salts are carried to every organ, limb, nerve and fibre of the body and this is followed by "that Kruschen feeling" of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.

Get an 8oz. bottle of Kruschen Salts at 1200 E. of New Castle, Pa., or any drug store. Taste 2 months with the distinct understanding that you must be satisfied with results or money back.

Ship Bodies Of Fliers To Homes

Four Fliers Who Met Death
Near Gettysburg Were
Horribly Mangled

BECAME LOST AND
PLANE HIT TREE

LEBANON, Pa., March 26.—The bodies of the four victims of the crash of the Ryan monoplane on the military reservation at Mount Gretna near here yesterday, were en route to their homes today.

The body of John Campion, pilot of the ill-fated plane, was claimed by two sisters from Philadelphia and removed to that city last night. The bodies of Paul Wager and Harold Glyde, both of Worthington, O., and Charles Stewart of Columbus, left here at eight o'clock this morning for Columbus.

The four men were instantly killed when the ship in which they were flying from Norton field, Columbus, to New York, struck a tree and crashed to earth.

Word was received here today that Mrs. Campion and her two children, who resided in St. Louis, where Campion was associated with the Mahoney-Ryan Aircraft Corporation, were on their way to Philadelphia.

Major W. L. Hicks, commandant of the reservation, has taken charge of the wreckage of the plane pending any investigation that officials of the Mahoney-Ryan Company may conduct. Colonel Manbeck of Lebanon county said today that he would conduct no investigation into the cause of the fatal crash.

According to eye-witnesses of the accident the pilot had apparently become lost and dropped out of the clouds to obtain his bearings. The plane lost altitude rapidly and before it could climb out of danger struck a tree and crashed into the mountain-side.

**Fike Visits Old
Time Friends On
California Trip**

Meets William Daugherty, Who
Learned Trade Of Plaster-
er With Fike In
New Castle

P. K. Fike of Sheridan avenue, who with Mrs. Fike has just returned from California, reports that they had a very pleasant time during the winter and saw a great many New Castle people.

On the way home they came through Arizona and stopped at Prescott to see William Daugherty, former New Castle boy, who learned his trade with Mr. Fike. Daugherty is a son of Mr. and Mrs. J. M. Daugherty of Croton avenue.

At Prescott they learned that Daugherty, who is now manager of a Swift and Company packing house, was about 100 miles distant. They got in touch with him on the telephone and he immediately came to Prescott, where they had a pleasant visit. Mr. Daugherty has been very successful since going to Arizona and has made an enviable record with the company by which he is employed.

From Prescott Mr. and Mrs. Fike went to El Paso, Tex., where they visited William Carlisle, also a former New Castle man. Mr. Carlisle, who used to be in the meat business here, is still in the same line of business. He was greatly pleased to meet his visitors and inquired about many of his old friends in New Castle.

Mr. and Mrs. Fike passed over the flood district in Alabama. "The devastation wrought is something awful," says Mr. Fike. "You see hundreds of houses which have been lifted from their foundations and carried away. Some of them are intact and others are badly demolished. Everything has been swept away by the flood and the country presents a picture of utter desolation."

**Red Cross Will
Use Y. M. Pool**

Arrangements have been made by the Lawrence County American Red Cross whereby the swimming pool of the Y. M. C. A. has been reserved on Thursday afternoon and evening for the demonstration and life saving course that William G. Klob, Red Cross life saving field director, will give to life saving examiners of the local chapter.

Instructors of the chapter who desire to have their cards renewed for another two year period should get in touch immediately with the Red Cross office. This will provide the only opportunity for doing this for some time as Mr. Klob's work is extensive and takes him to all sections of the country.

The course that Mr. Klob will give also offers to those interested in swimming an excellent opportunity to become acquainted with the life saving program sponsored by the Red Cross.

**Legion Visitors
Warmly Received**

Representatives of the Perry S. Gaston Post, American Legion, who paid a visit to the Grove City post last evening, were warmly received and a fine program was staged in their honor.

An athletic program was carried out by the Grove City post, consisting of a gymnastic exhibition, and boxing and wrestling bouts.

The local delegation showed several reels of moving pictures, featuring the Paris convention and a comedy.

In conclusion a fine lunch was served.

Head Of Coal Company Owning Kinloch Mine Is New Castle Native

James A. Paisley, of Cleveland, president of the Valley Coal company, who is the owner of the Kinloch coal mine located near Parnassus, where the disaster occurred last week, began his business career by driving a coal wagon for the late Samuel Robinson, who operated a coal company in this city. The office of the firm was located on South Mill street.

According to Miss Lydia Paisley of 19 East Falls street, this city, a cousin

of Mr. Paisley, the Valley company executive was born and raised here. He left New Castle when a young man.

Mr. Paisley had a brother, Charles, and to the best of Miss Paisley's knowledge, he operated a livery stable here. He is now located in West Virginia, where he superintends the coal mining business for his brother.

Miss Paisley stated that her cousin in Cleveland visited her about two years ago. He stops in to see her al-

most every time his business brings him here.

Paisley is also a far-out relative of Carl Paisley and Scott Paisley, Jr., who reside on Park avenue here.

A Cleveland Heights policeman, hidden behind a steel grill, shot a burglar who was rifling a cash register. Inasmuch as discretion is the better part of valor, we suggest he be given a Carnegie medal. The Akron Beacon Journal.

Veterans' Posts Limit Military Rites To Members

Will Not Conduct Military
Funerals For Non-Mem-
bers In Future

Action has been recently taken by the local World War veterans organizations here on military funerals, which will limit such rites, as official acts of the posts, to members only except in cases where the circumstances warrant it.

Members of both organizations feel that veterans of the late war have

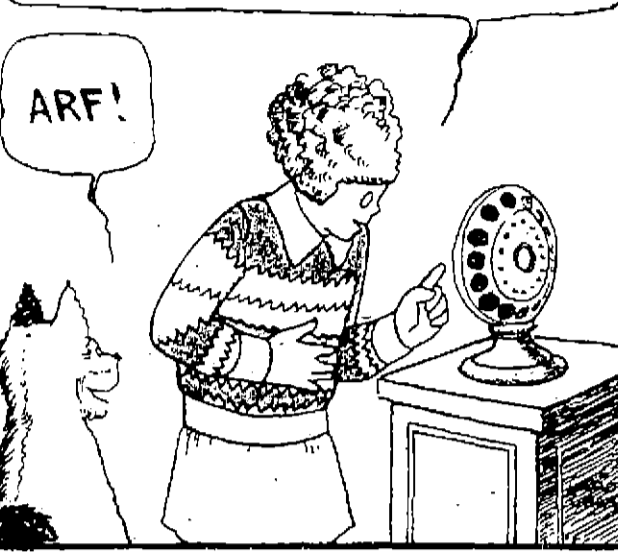

had full and ample opportunity to affiliate with one or the other of the two military organizations in the city and have had time to make up their mind as to whether they should or should not be a member of these organizations.

It is felt that it unfair to ask members of the posts to lay off work to pay respect to the memory of their departed comrades unless they are members of the organizations.

Military funerals will not be held as an official action of the posts for non-members in the future, unless it happens to be a case of a disabled veteran or one whose needy circumstances have prevented him from joining such organization.

There can, and will be, no objection to members conducting military rites for departed comrades unofficially. If they care to do so, but such action will not have the official sanction of the post.

Union Services Are Well Attended

Joint Easter Meetings Of First
Presbyterian And First
Baptist Opens Monday
Evening

In spite of the rain there was a good audience at the first service of the Easter Union Preparatory services of the First Presbyterian and First Baptist congregations, Monday evening in the former church, North Jefferson and Falls streets.

Rev. W. E. McClure, pastor of the First Presbyterian church brought the message of the evening talking for

death" as found in Genesis 22. He stressed the wonderful faith of Abraham and his belief in the resurrection or he would not have been able to have offered his son as a sacrifice.

This evening Rev. George M. Ladis will preach on "The Lamb Slain." Congregational singing led by John W. Owens with Mrs. Paul Browne Patterson at the organ is an outstanding feature of the services. On Wednesday evening, Rev. McClure will speak on "The Great Day of Atonement."

Sir Oliver Lodge says he has received a characteristic message from his dead wife but doesn't say what she asked him to bring home.—The Toledo Blade.

Peter coughed and sneezed,
coughed and sneezed—till "Triple
Action" gave him quick relief.

"PETER is a delicate boy—very apt to catch cold. This winter when he started coughing and sneezing, we gave him Smith Brothers Cough Syrup. It is almost unbelievable how quickly this syrup helped him. He stopped coughing, his fever went down, and in three days he had lost his cold completely! We are certainly grateful to Smith Brothers Cough Syrup—it worked wonders with our boy!"

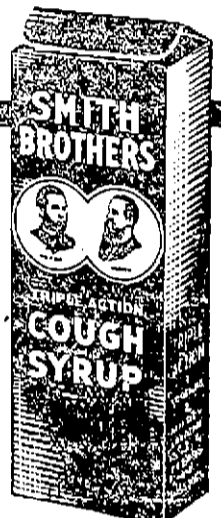

Mrs. ROBERT I. HIGGINS

Husband and wife . . . both
catch serious colds . . .
Both well in two days.
"Triple Action" did it!

"We had to visit some friends on a bad rainy day. When we got home that night, we both were coughing in chorus. My husband had fever and complained of a pain in his chest. I gave him some Smith Brothers Cough Syrup and took a teaspoonful myself. Right away I felt better. In the morning we continued taking Smith Brothers—and in two days we both were just as well as ever. My husband and I now both swear by Smith Brothers Cough Syrup!"—Mrs. W. P. Frost

Smith Brothers Cough Syrup works so surely and so quickly because of Triple Action. This scientific principle does the three things that you must do to get a cough out of your system: 1—it soothes, 2—it is mildly laxative, 3—it clears air passages. It has the famous cough drop flavor.

Business Men See New Plane

Fifty Or More At Airport
Monday To Witness
Demonstration

INDUSTRY MAY
BE LOCATED HERE

More than fifty business men of the city were at the Bradford Air Port on the Youngstown, New Castle road, Monday afternoon and witnessed the demonstration of the airplane brought here by O. H. Snyder and Delloyd Thompson, well known flyers and pioneer aviators.

The demonstration, which was arranged for the purpose of interesting local people in the possible establishment here of a factory for the manufacturing of airplanes, proved unusually interesting to the large group of business people present.

There was a decided interest shown by many present at the demonstration, which may eventually mean an addition to the industries of the city. A meeting of the industrial advisory group of the Chamber of Commerce, of which W. C. Offutt is chairman, and under whose auspices the aviators are demonstrating the plane, was called for this afternoon at The Castleton for the further investigation of the proposition.

Finds Children Suffer From Ill-Fitting Shoes

"It was recently stated that the examinations of school children in leading cities of the United led to the discovery that many of the pupils were suffering from foot ailments. In most cases these conditions were directly attributed to ill fitting shoes that cramped the toes and squeezed the feet into unnatural positions. Such a situation represents downright carelessness on the part of parents," said Dr. Theodore E. Appel, state secretary of health, today.

"One can not blame children for wearing improper shoes. They do not know any better. On the other hand, shoe dealers could prevent much of it, and parents could eliminate all of it. It follows that more intelligent attention must be given by the older folks to the selection of juvenile footwear. It is merely fundamentally humanitarian to do so.

"Permanently injured feet are decided handicaps. They can cause much suffering. But there is even more to the proposition than that. Spinal troubles, neuritis, headache, backache and rheumatism have countless times been directly traced to improper footwear.

"Older people except that more or less fixed ratio of young ladies who insist on size four when they require a five, are much more sensible regarding shoes than formerly was the case. Style plus comfort, rather than style alone, appears to be today's main idea regarding all apparel, including shoes.

"It seems only to be necessary therefore to follow this excellent rule a bit further by exercising the same intelligent care when purchasing footwear for the youngsters as is displayed

Botham and Smith Company To Begin Work Sometime This Week

Work of hauling more than 60 concrete letter box poles to various sections of the city to replace the use of the electric light poles which are now being used for this purpose will commence sometime this week according to Matthew Botham of the Botham and Smith company which has the contract for the work.

The poles are now located in the postoffice grounds awaiting removal to sections of the city where boxes must be transferred from the light poles to their own concrete stands.

According to Botham work of hauling in the poles to the different locations would have been started today had it not rained.

NEW PRICE LIST FOR ENVELOPES

Changes Affecting Printed and Unprinted Stamped Envelopes Effective Monday

Announcement is made by postal authorities that a new price list for printed and unprinted stamped envelopes, and newspaper wrappers has been issued, effective Monday, April 1.

The new list includes some detailed changes and all merchants and others who have occasion to use the mails frequently should get in touch with the local postmaster at once.

In the hall of the post office here is posted a chart showing the changes, and merchants can learn of the new prices there.

QUICK RELIEF FROM CONSTIPATION

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 20 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Olive Tablets do not contain calomel, just a healing, soothing vegetable laxative mixed with olive oil.

No griping is the "key-note" of these little sugar-coated, olive-oiled tablets. They cleanse the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night to keep right. Try them. 15c, 30c, 60c.

"Oh wad some power the giftie gie us To see ourselves as others see us!"
It wad frae monie a blunder free us And foolish notion."

Would that some men who turn down life insurance when they have a chance to get it, could see—not themselves—but their families a few years hence!

TEN HERBS WAS A WONDERFUL TONIC FOR HER

New Medicine Promptly Ended Chronic Health Troubles, Lady States.

Probably no other medicine on the market today gives such far-reaching results as Ten Herbs, the famous new natural medicine, which has thousands of friends throughout this section. The remarkable success of Ten Herbs—its amazing power often to

promptly end stomach, liver, kidney and bowel disorders, rheumatism, neuritis, nervousness, and a general weak, run-down condition—lies in its ten wonderful herbal ingredients. No matter how long you have suffered, or how many other medicines you have tried in vain, go today and consult the Ten Herbs Man, who is at Eckerd's of New Castle, Inc., 30 East Washington Street, this city, where he is daily demonstrating this popular preparation. If you are reading the local paper you must know what astonishing results Ten Herbs is giving your fellow-citizens.

"Ten Herbs surely is a wonderful tonic and health-builder," Mrs. Anna Herman, 2705 Glasgow Street, Pittsburgh, Pa., writes to the Ten Herbs Man. "Even the first bottle made a great change in me. I used to be troubled with severe indigestion. Even the slightest food caused gas to form, and this gave me a terrible bloated feeling. My diet was very limited, for most food caused awful distress. Nothing I tried gave me relief from this condition. I had violent headaches that would last for days at a time. Terrible dizzy spells would cause me to faint. I was so nervous at night I could not sleep. There were pains across my back, and I had to arise several times during the night. I was also troubled with constipation, having to use physics several times a week. I felt tired and worn out most of the time. This condition existed for two years, and although I tried almost everything I never got satisfactory results.

"I read of so many local people getting good results from Ten Herbs that I started using your medicine. It soon made a big change in me. Now I feel much better in every way and give all the credit to Ten Herbs. I am glad to endorse such a wonderful medicine to the public."

"The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington Street, this city, where he is daily meeting the public and explaining the merits of this medicine."

Stomach Ulcers Easily Checked
Bueger's BI-REX Alkaline Powder Corrects Dangerous Ailments in Short Order
BI-Rex, a highly developed stomach treatment, has been relieving thousands from agonizing stomach complaints. Indigestion, gas pains, hyper-acidity and even ulcers, mucous colitis, etc., break down completely upon its attack.
BI-Rex, based upon scientific principles, goes to the source of stomach disorders and removes the cause. It performs its valuable work in the treatment of ulcers by neutralizing the excessive acids, removing toxic congestion supplying a healing antiseptic covering over ulcerated parts in the stomach and intestines; aiding the digestive organs and purifying the blood which in turn builds the body in tone, vigor and vitality. Physicians endorse BI-Rex.
So no matter what your condition—or how many "tonics" you have used without avail—you owe it to yourself to give BI-Rex a fair trial. Do this for your health. McKinley and Frenz sell BI-Rex on the basis of satisfaction or your money refunded.

SEVENTH WARD NEWS

Missionary Society
Observing Week Of
Prayer In WardConducting Prayer Services;
Other News Notes Of
Seventh Ward

The Ladies Missionary Society of the Madison Avenue Christian church is observing this week as their annual week of prayer. In observance of this week they are holding three prayer services.

The first of the three prayer services was conducted Monday evening in the church. Mrs. Walter Wilkins, president of the Missionary Society, conducted the meeting. To these meetings all women of the church are invited to attend also the members of the Tri-County Missionary Club of the church.

The other two prayer meetings will be conducted on Wednesday and Friday evenings in the church. Wednesday evening, Mrs. W. W. Sniff will be leader at the prayer service. At the service Friday evening, Mrs. Adda Robinson will conduct the services.

Each year the Missionary Society of this church observes a week of prayer prior to Easter.

THREE HOUR SERVICE
Plans are underway for the three-hour service which will be conducted on Friday in the Mahoning M. E. church. The service will be from 12 until 3. Speakers for the different sessions will be announced soon.

MEN IN LEAD
The Men's Bible class of the Madison Avenue Christian church are in the lead in the contest being conducted between their class and the Ladies Bible class. A contest was started in attendance and new members between the two classes during the latter part of February. The contest will continue until the last of April.

REHEARSAL TODAY
Persons taking part in the Easter exercises next Sunday in the Madison Avenue Christian church are having rehearsal this afternoon in the church.

WILLING WORKERS
The Willing Workers of the Mahoning Presbyterian church will have their monthly meeting in the church Wednesday evening. The meeting will be after the prayer service.

PREPARATORY SERVICES
Preparatory services will be conducted Thursday and Friday evenings in the Mahoning Presbyterian church. The services are in preparation for the Easter and communion service in the church on Sunday. Rev. D. C. Schnebly, pastor of the church will preach.

MOVE HERE MONDAY
Mr. and Mrs. James Burns moved Monday to the Ketzell house at 221 N. Liberty street, coming here from Bakerstown, Pa. Mr. and Mrs. Burns are former residents of the seventh ward.

CHANGE RESIDENCE
Mr. and Mrs. Frank E. Rheinhardt of the Norris apartments, N. Liberty street, moved on Monday to the De Ross house at 619 W. Madison avenue.

PENNA-BO LODGE
Penna-Bo lodge to Brotherhood of Locomotive Firemen and Engineers will meet Wednesday afternoon in the Woodman hall.

CIRCULATION THE SAME
Circulation at the seventh ward branch free public library remains about the same. The average circulation for some time has been approximately 800 books a week. The branch is open two days each week. Adults and children of the seventh ward district are finding the branch library handy when they wish to have some reading material.

HOME FOR VACATION
Raymond Taylor, student at Slippery Rock State Teachers college, is spending his Easter vacation with his parents, Mr. and Mrs. Sam Taylor of Ashland avenue. He will return to school on April 1 to resume his studies.

SEVENTH WARD PERSONALS
C. H. Clark, of Sunny Side, has returned home from Detroit, Mich., where he had attended a bowling tournament.

Bernice, little daughter of Mr. and Mrs. C. H. Harrison of W. Wabash avenue, is visiting her grandmother in Akron, Ohio.

Members of the McCoy Bible class taught by Mrs. A. T. Johnston and the Lookout class taught by Mrs. J. A. Waddell of the Mahoning M. E. church will attend the evangelistic service this evening in the Mahoning M. E. church. Each class will have a reserved section at their disposal. Special music for the meeting this evening will be selections by Misses Mildred George and Sadie Lewis, evangelistic singers of the city. The local church feels fortunate in securing them as they have just returned from special meetings in Ripley, N. Y., and they leave here again in the morning.

At the service Monday evening, Rev. David Daye Sleppy preached about the idea of not being saved. The responsibility of telling others about Christ, the idea of rejecting Christ and the importance of making a decision. Special music at the service was a solo by J. W. Miller.

Wednesday evening the Men's Bible class will attend the revival service in a body.

EASTER EXERCISES
Special Easter exercises will be a part of the program next Sunday morning at the church service in the Madison Avenue Christian church. Children of the Bible school will take part in the Easter program. Practices for the exercises have been held during the past week and will be held this week. Arrangements for the program are in charge of Mrs. C. H. Clark and her committee.

PULASKI
SOCIETY ENTERTAINED
Miss Dorothy and Arthur Meek entertained the members of the Christian Endeavor Society in a very delightful manner at their home on Friday evening. Piano and victrola music and a variety of very interesting games were enjoyed. Arthur Meek won honors in one game. A very delicious lunch was served.

Those present were Miss Frances McCollough of Sharon, Mr. and Mrs. David Thompson, Mr. and Mrs. J. R. Meek, Mrs. Lloyd Rodgers, Misses Helen Gibson, Lois Kerr, Helen Rodgers, Wilma Mitchell, Maxine Clark, Dorcas Lewis, Frederick Taylor, Jr., Donald Gibson, Everett Wallace and Selwin Lewis.

Senate Wrestles Bills Creating Revenue Bureau

State Senate Starts Consideration Of Measures For New Revenue Department

HOUSE PASSES
HIGHWAY BILLS

But Little Opposition Expected In Creating Of New State Bureau

By C. B. YORKE
International News Service Staff Correspondent

HARRISBURG, March 26.—With the house highway program passed finally the main scene of activity shifted to the senate today as that body prepared to consider the series of bills which will put into effect the new department of revenue.

The house was on record today as favoring the expenditure of an additional \$13,000,000 on road construction and maintenance on the state highway system and it now faces the problem of increasing revenues to meet the authorized increased expenditures.

Several Bills Passed.

Nine bills making up the highway program of the house and following out the recommendations made in the governor's message to the legislature at the beginning of the session, are in senate committee after having been passed by the house last night. One of the bills had three votes against it, others two and the remainder one.

Representative Baldrige, Allegheny, voted against the bills consistently. Representative Hermansen, Luzerne, voted against several of them and a few found Representative Leitch, Schuylkill, in opposition.

The bills provide for construction and maintenance of roads on state highways in boroughs, cities, except the first class, sharing in the maintenance of township reward roads and the taking over of county bridges on state highway routes by the commonwealth.

Representative Griffith, Indiana, and Representative Flynn, Elk, led in the discussion favoring passage of the bills. Efforts made to have Flynn tell just how the additional revenue is to be raised were met with the response that there were several means, including an additional cent tax on gasoline. It was pointed out, also, that a part of the money necessary has already been provided in the legislation already passed by the house—the motor code which increases drivers' license fees and doubles the license fees of trucks.

With the bills passed, it now remains for the house to find a way to raise the balance of the money necessary to carry out the program. The method will be decided upon probably this week and will be made known in an amendment to one of the gasoline bills now in the house.

Due to minor amendments made last night the series of bills to put into operation the new state department of revenue will be the main object of final action interest before the senate today. Their passage with little opposition is expected.

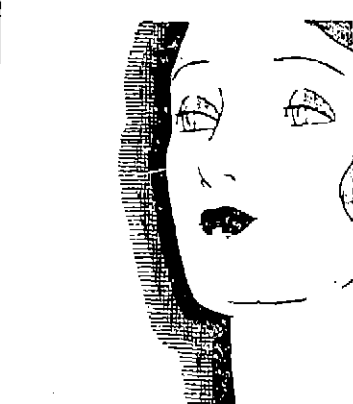

The taxing machine and industrial police bills both went through the second reading calendar which makes final action before tomorrow impossible. Both may be amended before being voted upon finally.

Senate Calm Broken.

The almost unbroken calm which has marked all sessions of the senate was broken last night when three bills in succession were fought bitterly by blocs not quite large enough to defeat them.

The State Firearms bill was passed by a vote of 33 to 13. The bill already has been much amended and further changes are proposed. One of them will make possible possession of automatic shotguns whose use is banned in Pennsylvania but permitted in Maryland.

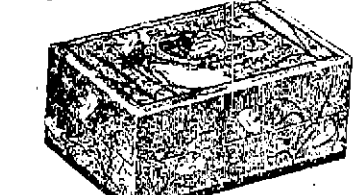

Although Senators Leslie, Mansfield and McClure termed it a "clever measure," the Kitts bill which will relieve trolley companies from paying the right of way between their tracks was passed 33 to 14. Senator Salus led the attack on the Schantz bill which will require the

Turner Bills Pass.

With that trio out of the way, the oratory which blocked action for two hours ceased and quick work was made of the 100 other measures on the calendar.

The Woodward senate bill authorizing the city of Philadelphia to purchase any of the P. R. T. underliers without taking all of them composing the entire system, was passed finally by the house without opposition.

The house also passed finally the three Turner bills regulating aeronautics in Pennsylvania. The bills create an aeronautics commission and impose duties on the department of internal affairs.

Two Auto Accidents On Youngstown Road

According to Constable Robert McGlenahan of Pulaski township there were two automobile accidents on the New Castle-Youngstown road last night. No person was injured as far as could be learned but one machine was badly damaged.

One machine was wrecked between Bedford and State line when while going at a great rate of speed, it apparently skidded out of control into the head wall of a bridge.

The other occurred on the Harbor Hill, when the car turned around on the hill when the brakes were applied and skidded into the bank, because of the slippery condition of the road. The machine was not badly damaged.

DEMAND FOR BABY CHICKS IS HEAVY

HARRISBURG, March 26.—Hatcherymen report a larger demand for high quality baby chicks this season than in 1928, according to the Pennsylvania Bureau of Markets. The demand is greatest for chicks of the highest quality and hatcherymen find it difficult to meet the demands because of the small supply of hatching eggs.

Incubators are being filled to full capacity for the entire season and people are urged to place their orders early in order to avoid the necessity of purchasing late chicks.

Ligo Denies Report About School Pools

Says Report Circulated Is Not
Correct; Water In Pools
Kept Pure

Reports reaching the office of S. G. Ligo, superintendent of buildings and equipment for the New Castle schools, to the effect that number of school children have become infected with small sores on their feet, and that blame for this is laid on the swimming pools of the New Castle schools, was strongly repudiated this morning.

"Our pools are open for public inspection at any time," said Mr. Ligo, who is in charge of equipment at the schools. "They are regularly examined by Dr. W. L. Steen, city health officer, and each report he has made yet has shown that water in both pools is fine."

Mr. Ligo stated that the water is constantly circulating and is continually being filtered and chlorinated. He says that those children upon whose feet sores have developed have not been infected by bad water in their pools.

The pools are examined at least every two weeks and sometimes more often. Complaints received have come particularly from east side residents who believe that the sores are developed from the Ben Franklin pool.

In speaking of the pureness of the water, Mr. Ligo added that Dr. Steen, in his reports, has often noted that the water is even fit to drink.

Big German Liner Damaged By Fire

New North German Lloyd Liner
Europa Burns While At
Dock In Shipyards

HAMBURG, Germany, March 26.—Fire, believed to have been of incendiary origin, swept the new North German Lloyd liner Europa in the Blohm Voess shipyards today. When the firemen were unable to make any headway against the conflagration the liner was submerged in the Elbe river. Only her superstructure showed above the surface of the water this afternoon and it was still blazing fiercely.

The fire started at two o'clock this morning in the coal room. Later, however, the firemen said that evidently fires had started in other parts of the ship at the same time. It was this circumstance which led to the suspicion of sabotage.

The North German Lloyd Line offered a 5,000 marks reward to anyone solving the mystery of the fires giving definite evidence of incendiaryism.

Four Hundred Thousand Tulips Are Now Blooming At Welker Greenhouses

Force Of Men Busy Rushing Flowers To Markets For Easter Week

Flower Raising On Gigantic Scale Seen At Local Greenhouse Today

Imagine, if you can, an acre of tulips packed together as tightly as the pots would permit, from one to 25 plants in a pot in all the colors of the rainbow, and you can have some conception of the sight that greeted a Newsman at Elmer Welker's greenhouses on the Harbor Road yesterday afternoon.

Mr. Welker said he had approximately 400,000 tulips there and we don't believe he was exaggerating one bit. In fact we felt he was very conservative.

And then in addition to the tulips, there were French hyacinths, hyacinths, Easter lilies, and daffodils in a great profusion, to say nothing of a few other rare varieties of plants that we couldn't even begin to spell, let alone pronounce.

Wonderful Sight
It was one of the most wonderful

sights we ever saw. There were red tulips, purple tulips, pink tulips, yellow tulips, bronze tulips, double ones and single ones, in all the varying shades of these colors, all ready for the Easter market.

There were tulips in the cellar, tulips in sheds, and tulips in the greenhouses, most of them in darkness, to keep them from blooming out before Easter arrived. Men were carrying them out of the greenhouse and placing them in a big dark shed, and one could scarcely see where they had come from.

The darkened sheds were filled with cakes of ice to keep them cool and prevent their advancing beyond the present stage of development.

There were several rare varieties, new to the local markets. One was called moonlight yellow. Another was a deep bronze in color, while still another odd shade of purple, almost a plum color, added to the endless riot of color.

Orders For Them All
Never before has Mr. Welker attempted to grow such a quantity and variety for the Easter market. Next week, all of them will be gone, that is if enough trucks can be found to haul them away, for Mr. Welker says he has orders for them all. Then beside the tulips, there were thousands of hyacinths, all in dark-

ened beds, just at the height of their beauty. Outside, the bees buzzed frantically, trying to get at the succulent blossoms and extract the honey that was hidden there.

Over in one corner of the greenhouse, we were attracted by a row of odd flowers. Those in full bloom were shaped like a fisherman's basket. They seemed like miniature balloons. Calliaries they were, we were told.

Fifteen men have been kept busy the past few weeks, getting ready for the big Easter rush. All day long today a stream of trucks and vehicles has come to the place to carry the flowers away to various spots in Western Pennsylvania, and Eastern Ohio.

Visitors are welcome to come and share the beauty of the scene. Sunday, Mr. Welker stated, hundreds of people visited the place. Many wanted to take some of the beautiful blooms away with them, but he has an ironclad agreement with himself not to sell any flowers on Sunday.

Some wanted to take them and send him checks for them this week, but they were smilingly refused, and reminded of the signs posted about conspicuously. "No Flowers Sold On Sunday."

After the present Easter rush is ended, Mr. Welker will begin the task of preparing other varieties of blooms for Mother's Day. Many of these have already been started, the tiny plants just peeping through the ground.

NO WOMEN TRAIL CALLES TROOPS
He Thinks Men Of His Army Will Fight Better

TORREON, Mexico, March 26. — One of the interesting phases of the northern campaign of the Mexican army to put down the present rebellion is the absence of "soldaderas" or women, who until now have invariably accompanied troops on the march. Gen. Calles federal commander, insisted his troops leave their women, going on the theory that they would be better campaigners and better fighters.

The "soldaderas" travel inside box cars while the troops march on top-side. They cook for the soldiers and perform a thousand other duties calculated to alleviate the hardships of their menfolk.

The Mexican army has no commissary department and soldiers provide their own food out of their pay, which amounts to about 75 cents.

PROMISE YOURSELF—
That your better self shall have a better chance.
To think only of the good and you will appear to better advantage.
To look for the best in your friends and they will see the good in you.
To keep busy growing and you will not have time to criticize others.
That yesterday's mistakes shall be swallowed up in today's efforts.
To live so uprightly that insults cannot touch you.
To give God a chance to show what he can do with you.

A GUARANTEED REMEDY FOR PILES

Go to any drug store today, hand them 20c and say "I want a jar of San-Cura Ointment" and if you aren't satisfied—your money back.
"For twenty years I suffered with bleeding and itching piles; at times I was confined to the house for more than a month. Two years ago I began using San-Cura Ointment and one 50c jar made a firm and permanent cure. I have not been troubled since."—R. W. P. Gilbert, Titusville, Pa.
It draws out poison; that's the secret of the wonderful success of San-Cura Ointment; that's why it so quickly heals sores, burns, cuts, bruises and eczema. It's best to use San-Cura Soap at all times; it is a great aid in banishing pimples, blackheads and the germs of disease. 25 cents. For sale at all drug stores.

AN EVIL TO BE DREADED

Banish Constipation With Kellogg's ALL-BRAN

Constipation is a widespread evil. Many have it but do not realize it. In spite of pills and laxatives it does its deadly work—sending poisons through the body—undermining health and happiness.

The first signs of constipation are headaches, tired feeling, spots before the eyes, sallow complexions. Don't neglect these symptoms. Start eating Kellogg's ALL-BRAN. It brings sure relief and prevents constipation.

Thousands have regained their health with Kellogg's ALL-BRAN. Doctors recommend it. Because it is 100% bran it brings 100% results. Part-bran products are only "part" effective.

Kellogg's ALL-BRAN is guaranteed. Just eat two tablespoonfuls daily—chronic cases, with every meal. You'll like its crispness and flavor.

Ready-to-eat with milk or cream. Delicious with fruits or honey added. Use it in cooking. Recipes are on the packages for muffins, breads. Sold by all grocers. Served by hotels, restaurants and diners. Made by Kellogg in Battle Creek.

Veterans' Bureau Summarize Order

Executive Order Of Ex-President Coolidge Is Given For Those Affected

Ex-President Coolidge just prior to the expiration of his term issued an executive order which has been summarized by the United States veterans' bureau for the benefit of those affected.

It is summarized as follows: The addition of 10 points to the earned rating of a disabled veteran is continued but under the new order the names of the disabled veteran-eligibles are placed at the top of the list and certified ahead of non-veterans, regardless of their rating.

Widows of veterans and wives, and wives of veterans who themselves are physically disqualified for government employment, are allowed 10 points added to their earned ratings. Instead of the 5 points formerly allowed. Wives and widows of veterans who are allowed the additional 10 points also will be certified ahead of nonveterans.

A government employee entitled to preference under the law and rules is given more liberal preference in retention in the service when the reduction of force becomes necessary.

Don't Miss It

DANDRUFF

Soon Destroys the Hair

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arrow; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and two or three more applications will completely dissolve and entirely destroy every single grain and trace of it. You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arrow at any drug store. Four ounces is a full size, and you will need no more now until dandruff you have. This simple remedy never fails.

Arrange Compensation For Miners' Families Destitute By Disaster

State Workman's Insurance Fund Adjustors Busy At Kinloch, Pa., Today

Investigation By State Officials In Disaster Are Going Forward

(International News Service) KINLOCH MINE, near Parnassus, Pa., March 26.—Completion of adjustment claims for the families of the 43 victims of last Thursday's mine disaster here will be accomplished today, according to F. Norman Black, adjutant for the Pittsburgh district of the state workmen's insurance fund, who with three assistants investigated approximately 75 per cent of the claims yesterday.

As soon as completed the claims will be sent to Harrisburg. Widows without children will receive \$10 a week for 300 weeks, according to Black, and those with children from \$12.50 to \$15 a week, depending upon the number of orphaned children. Compensation of each child is to continue after the 300-week period until each child reaches the age of 16. The burial allotment is \$150.

Meanwhile the investigations by the state and federal bureau of mines are going forward. It was stated by an official of the state bureau of mines that at least two more days would be required to complete the work. A formal hearing will be held later and the cause of the blast determined.

During the lapse of time necessary for the state insurance compensation to be allowed, the American Red Cross and Salvation Army are caring for the needy. C. L. Greenlee, general field representative of the Red Cross, and Adjutant Victor G. Bryant of the Salvation Army are overseeing the distribution of clothing. Appeals have been made by both organizations for clothing.

Salus Bill Is Passed By Senate

Permits Judges To Pass Life Sentences On Pernicious Offenders

(International News Service) HARRISBURG, March 26.—The Salus bill, sponsored by the crimes commission, which would permit judges to impose life sentences on persons convicted four or times on charges classed as felonies, was passed by the Senate today by a vote of 42 to 2.

Its passage followed an attempt made by Senator Davis, Lackawanna, to kill the bill by sending it back to committee.

He was supported in the move by Senator Leslie, Allegheny, but the motion was drowned in a chorus of "noes". Only Davis and Leslie voted against it.

Believed To Be Off Coast Of Greece At Noon Today

(International News Service) FRIEDRICHSHAFEN, Germany, March 26.—The Graf Zeppelin, making a 5,000 mile, four-day, non-stop flight from Germany to the Holy Land, was believed to be off the Greek coast at noon today.

Radiograms from the great air liner shortly after midnight said she was out over the Ionian sea, having crossed the Italian coast.

The 25 passengers including three women, were reported in excellent health and enjoying the trip immensely, especially the rugged scenery of South European coasts.

Weather conditions have been good, and Dr. Hugo Eckener, director of the flight, has encountered no mechanical troubles. The big air ship, Dr. Eckener reported, has behaved in the most satisfactory manner.

Rev. Maitland At Croton M. E. Church

Small Town Near Connellsville Has Big Blaze Today

Spark From Hammer At Valley, Pa., Causes Blaze Estimated At \$18,000 Loss

(International News Service) CONNELLSVILLE, Pa., March 26.—Fire, believed to have started from a spark from the hammer of a man at work on an automobile at Valley, near here, caused losses of more than \$18,000, it was estimated today.

The spark set fire to a gasoline tank. The flames soon enveloped the barn belonging to John Holl and then spread to that of Earl Shaffer, destroying both. The Shaffer house was also damaged.

The flames licked at the grass and spread over several hundred acres of the E. C. Frick Coke Company land before it was finally brought under control. Employees of the Frick coke shops dug ditches to prevent the fire spreading to the plant.

In Bullskin township, Fayette county several miles from here, hundreds of acres of grass land were burned. Farmers plowed furrows to check its advance. The grass blaze died down with the falling of the wind during the night.

Immunization For Diphtheria Cuts Number Of Cases

Merced County Health Report
Shows But Two Deaths
From Disease In 1928

MERCER, March 25.—Immunizing the school children of Mercer county against diphtheria has resulted in a notable decrease in the number of cases of the disease reported. During 1927 and 1928, 20,000 children were administered the combined serum and toxin vaccine. In 1927 there were but 21 cases, and in 1928 the number dropped to 23. Last year there were but two deaths from the disease and both occurred where the afflicted ones had not been immunized.

Withers Gets "The
Elms"

By a deal closed today Mrs. J. C. Burnside, of "The Elms," Harlanburg road, becomes the owner of the

finest Withers property at the south-east corner of Highland avenue and Grant street, and Mr. Withers becomes the owner of "The Elms."

The property acquired by Mrs. Burnside was formerly owned by Ben Withers. It is one of the best properties in the Harlanburg avenue district, with a brown stone foundation and masonry and buff brick superstructure. After Mr. Withers acquired the property from Mr. Lusk, it was remodeled into three apartments, each with bath and all modern conveniences.

THREE MEN FACE MANN ACT CHARGE

Two Of Them Released Yesterday From The Lawrence County Jail

Released from the Lawrence county jail after serving a 30-day sentence, Walter Patterson and Joseph Greaves were taken into custody yesterday by United States Marshal E. A. Holden on another charge. The young men had been jailed here for operating a motor vehicle without a license. Marshal Holden took them to Pittsburgh, where they are charged with a violation of the Mann act. It is charged in a complaint by the Department of Justice that Patterson and Greaves, with Joseph Pickles, transported a young woman from Yatesboro, Armstrong county, Pa., to Smithburg, O., for unlawful purposes. The offense is said to have been perpetrated February 15. Soon after Patterson and Greaves were arrested here and Pickles was arrested in Allegheny county, where he served a 30-day sentence. They will have a hearing on the charges now made against them today.

Complete Services For Holy Week At St. Joseph's Church

Besides the Novena prayers and a Lenten devotion there will be a sermon on the Eighth Station of the Way of the Cross at St. Joseph's church, South Jefferson street. "Jesus Speaks to the Women of Jerusalem." Benediction will end the service.

On Thursday, Friday and Saturday the morning service will begin at 8:30. Thursday evening at 7:45. Meditation on the Last Supper and its various events, Friday 3 p. m. Way of the Cross; 7:45 Way of the Cross and a sermon on the Passion of Christ, the text will be the fifth of the seven words of Christ on the Cross of Calvary, John 19:26.

The long and varied services of Holy Week prescribed by Catholic liturgy will be carried out of the latter. The pastor with an experience of 15 years in one of the largest Pittsburgh parishes will officiate and every detail will be observed except the few proper to Catholic churches. The devotional and inspiring Gregorian Chant will be rendered by the choir. In her official services the church needs the account of the Passion of Christ on Palm Sunday according to St. Matthew on Tuesday that according to St. Mark on Wednesday according to St. Luke and on Good Friday, St. John's account.

Rev. Logan Gives Message On Revival

A large congregation gathered at the Pentecostal tabernacle, South street, to hear the fifth discourse on the subject of "Heaven Sent Revival." The sermon last evening was "Revival at Pentecost," which Dr. Logan said was the greatest on record. The Holy Spirit was poured out in great blessing upon the early church. The result was 3,000 souls were gloriously converted. The greatest need of the church today is a mighty baptism of the Holy Ghost as it came to Pentecost and the command of God to every Christian is to "Tarry till ye be endued with power," then go forth with a message of full salvation and great victories will be achieved. The subject announced for tonight will be "What takes place when the fire falls."

This lovely New York girl, now appearing in "Rio Rita," has talent—and beauty, too—enhanced by wonderful skin and the softest waves of dark brown hair. "When friends ask me what I do to make my hair so soft and gleamy," says Miss Hargrave, "I have to think twice to tell them, because I give so little time to it. The method I use is very popular among New York girls. I just put a little Danderine on my brush each time I use it. I am letting my hair grow, but you'd never know it. Danderine keeps it so soft and easy to arrange and holds it in place so wonderfully. It gives my hair such a silky, soft and lustrous appearance. Friends are always commenting on it. There isn't a trace of dandruff left now that I'm using Danderine regularly. And it keeps my hair so soft and so clean and comfortable that I don't shampoo half as often as I used to." Danderine quickly removes that oily film from your hair, brings out its natural color, gives it more lustre than brilliantine. It makes the hair easy to dress, keeps it in place. It usually checks dandruff. It isn't oily; doesn't show. All drug stores have the generous 35c bottles. A delicately fragrant necessity for the well-groomed girl!

Viewing The Ice Age

By S. S. MYERS

"I have just been reading a statement to the effect that if one could get far enough away from the earth it would be possible to view it as it appeared during the Ice Age. Will you please explain what the writer meant by that?"

(S. G. Grove City, Pa.)

The writer evidently meant that if you could instantly transport yourself—say 35,000 light years out into space and had a telescope powerful enough to bring out the surface of the earth at a distance you would see it as it appeared during the glacial period because the light waves that left the earth at that time would just be reaching out that distance into space.

I know it is rather difficult to grasp this idea, so perhaps it can be made clearer by taking an illustration or two nearer home. For instance both light and sound travel in waves, but sound is a mighty slow coach compared with light. You see a man at a distance on the roof of a building pounding with a hammer. The hammer strikes the object and is raised, and the sound of the stroke. It takes the sound-wave that long to reach your ear. But light travels infinitely faster—186,300 miles a second. Suppose, the Dog Star which may be seen any clear evening at this time of year near the meridian just south of the zenith. It is eight light years distant from the earth. If you were to

Are Turned In

Will Continue Campaign To
Build Up Membership
Gaston Post

The names of 155 new legionnaires, those secured in the recent Victory Drive, have been certified to the state department by Adjutant Joseph O'Leary, and cards are now being mailed out to the new members. The recent campaign was one of the most successful in the history of the post. In fact the post membership is now the largest it has been for a great many years.

The local legionnaires do not expect to stop there, however, but are continuing the campaign, and whenever a new prospect is found, he is approached for Legion membership.

The names of the new members which have been certified to the state department, follow:

Rather Than Pay Lottery Gamblers Take Jail Term

Unable To Pay \$10,000 Lottery
Conductors Send For Police
And Are Arrested

(International News Service)
PITTSBURGH, March 25.—"Somebody's being murdered at 44 Chatham street!"

That telephone message to central police station brought sleuths and police.

Instead of a battery body the police found two men counting the sparse receipts of the clearing house lottery. They were arrested—Phillip Foglia, 32, and Phillip Frangone, 20.

Who made the telephone call? In police court today Inspector James N. Hoy said Foglia and Frangone were responsible for it.

"They run the pool," Hoy related, "and Saturday it went against them. They were supposed to pay out about \$10,000. Everybody on the hill had the lucky number—803. Instead of paying off they faked a call to the police."

"Now, they'll tell their suckers that the police have their records and they can't pay off."

Magistrate Thomas D. Jones held the two for court, charged with conducting a lottery.

DISCUSSES ROUNDHEADS
New Castle, Pa.,
March 25, 1929.

Editor,
New Castle News.

Dear Sir:—

I have been greatly interested in the Colonel Daniel Leasure war time letters as published in "The News" and am proud of the gallant 100th Pennsylvania regiment commonly known as the "Roundheads", of which Colonel Leasure of New Castle was the chief in command.

The extended operations of this band of volunteer soldiers and the hardships endured as portrayed in the letters have created general interest and admiration.

To note the affection existing between the colonel and his son George (Gordy), who was also in the service with the Roundheads, and the pride of these two in the regiment is a pleasing feature running through the various letters.

George must have been a real soldier and a mighty brave man. It is sad to read of him being among the slain.

It will surely be of further interest to your readers if a brief history of the Roundheads could be printed with a biography of Colonel Leasure, as the war letters ended rather abruptly. Such a record would possibly give more authentic information as to the death of Gordy and complete the service of the regiment up to the close of the war.

Yours truly,
CHARLES M. GRACE.

YOU CAN'T DYE with Good Intentions

You can get results—after a fashion—with any old dye, but to do work you are proud of takes real antides. That's why we put them in Diamond Dyes. They contain from three to five times more than other dyes on the market! Cost more to make? Sure. But you get them for the same price as other dyes.

Next time you want to dye, try them. See how easy it is to use them. Then compare the results. Note the absence of that red-dyed look, of streaking or spotting. See that they take none of the life out of the cloth. Observe how the colors keep their brilliance through wear and washing. Your dealer will refund your money if you don't agree Diamond Dyes are better dyes.

The white package of Diamond Dyes is the original dye for any and every kind of material. It will dye or tint silk, wool, cotton, linen, rayon or any mixture of materials. The blue package is a special dye, for silk or wool only. With it you can dye your valuable articles of silk or wool with results equal to the finest professional work. Remember this when you buy. The blue package dyes silk or wool only. The white package will dye every kind of goods, including silk and wool. Your dealer has both packages.

Asks Bowman Be Held For Murder

(International News Service)
HARRISBURG, March 25.—When the second day of the trial of Harry B. Bowman, charged with the murder of Miss Verna Klink, candy store manager, opened today, District Attorney Robert T. Fox asked that a verdict of first degree murder be returned, declaring that Bowman had admitted to police that he "pushed Verna into the river."

In his opening address Solomon Hurwitz, chief of defense counsel, asked the jury to acquit Bowman, insisting that the defense would base its case on Bowman's story of an alleged suicide pact which he said he had made with Miss Klink. The girl's body was recovered from the Susquehanna river on February 17, twenty-one days after she had disappeared. Shortly after he was taken into custody Bowman told police he had leaped into the river with Miss Klink in accordance with their alleged suicide pact on the night of January 25, but that he had waded ashore while she perished.

At the time she disappeared Miss Klink had about \$900 in her possession, having withdrawn \$1,025 from the bank, according to testimony of witnesses today, with which to purchase the candy store which she managed.

Theodore Theodoropoulos, owner of the store, was the first witness called by the state. He testified that when she left the store the night she disappeared she was in good spirits. He also told how he had found \$110 in cash together with Miss Klink's bank book and check book in a pretzel can in the store about three weeks after she had disappeared.

MARSHALL FOCH IS LAID TO REST AS THOUSANDS MOURN

(Continued From Page One)

dial was brief and simple in keeping with the simplicity of the dead.

There was a low mass offered by the rector of the parish church that Marshal Foch attended and a final blessing delivered by Cardinal Dubois, Archbishop of Paris.

The assemblage within the church included French state and military officials of high degree and distinguished men from abroad. They included President Doumergue, of France; Premier Poincaré and the French cabinet; the diplomatic corps, the Prince of Wales, representing King George and the British Empire; Prince Charles of Belgium, and numerous others.

Detachments of British, Italian, Belgian, Czechoslovakian and African troops came to Paris for the funeral procession. They gave the cortege an international military appearance reminiscent of the days of the great war when men of a dozen different nationalities fought shoulder to shoulder.

The Cathedral service ended shortly before 10 o'clock and the crowd began to move slowly through the massive doors into the streets where heavy forces of soldiers and police were marshalling the crowd.

The coffin was bound upon a gun caisson preceded by a stand of French battle colors draped with crepe and the Marshal's horse.

The caisson was drawn by six horses. Very Plain Coffin

The coffin, although containing a figure so distinguished, was of plain yellow oak. It was another touch of the simplicity so dear to the heart of the warrior in life.

Around the gun carriage were grouped French marshals and admirals in uniform, rows of medals across the breast.

Behind the coffin were the members of the diplomatic corps, including Myron T. Herrick, the United States envoy.

The Prince of Wales, in uniform, walked with Prince Charles of Belgium.

As the lines were marshalled and the mourners took their appointed places in the cortege the great bell of the Cathedral began to toll. An officer at the head of the line gave a command and the column moved forward with solemn slowness. In place of cheers and shouts for this famous soldier and favorite son of France there were sobs and sighs of grief.

But there was pride in the sorrow of the French as they recalled the martial glories of the armies led by this departed warrior and the greater glories of the soldier beside whom he was to lie.

In the cortege was a detachment from the American Legion. They were men who had served under the Marshal when he was Generalissimo of the Allied armies. They wore uniforms and steel helmets.

The Garde Republicaine and a squadron of white-robed rabins mounted on magnificent Arab horses—led the way as the procession turned into the Rue Rivoli.

Riderless Horse

They were followed by infantry—war veterans—who had served in the trenches at the front. They bore battered battle flags, whose tatters told eloquently the history of France upon the field of conflict.

Marshal Foch's horse was led in the procession accompanied with black velvet and silver.

Upon the coffin on the gun caisson reposed the Marshal's kepi, or military cap; his sword and his jacket.

One notable figure in the line was an American—Gen. John J. Pershing, commander of the American Expeditionary Force in the great war. His tall figure was rigidly erect and he wore the red sash of an officer and the Grand Cross of the Legion of Honor.

Behind the caisson army officers carried 25 cushions bearing the Marshal's decorations. Then came 40 members of the Foch family, including the widow, Madame Foch, and the crippled brother, Germaine, who drove directly from the Cathedral to the Invalides in a carriage.

Smith Girls Receive Summons To Dance

(International News Service)
NORTHAMPTON, Mass., March 26.—Chief of Police Bartholomew Brennan walked into Baldwin House at Smith college and asked Miss Helen E. Brown, of Winnetka, Ill., an undergraduate and treasurer of the Smith Outing club, the condition of the funds of the club.

Alarmed, Miss Brown started for her room to see if the money was missing. The chief, however, halted her and produced a summons.

Doubtfully, the Illinois girl read the document and then burst into laughter.

The summons was the invitation of the Lawyers' club of the University of Michigan, at Ann Arbor, to the annual Spring dance of the club.

The summons was sent here by Chief of Police Thomas O'Brien of Ann Arbor.

Miss Dorothy E. Dickinson, of Hubbard Woods, Ill., was also summoned to the dance. She came into Baldwin House after Chief Brennan left. She was told that the police chief had called to see her and she hurried away to police headquarters.

BOX OF TOOLS IS REPORTED STOLEN
According to the report made Monday to the police by Guy Webb of 409 Bartram avenue, he had a tool box

locked up in the nail shed of the Dexter Lumber Yard and that someone stole the box and tools between March 10 and March 18. The tools and box were valued at \$120. Included in the tools taken were five hand saws, two planes, Stanley steel level drills, hammers, etc.

POLICE ARREST

Detective John Young and Officer Thomas Lynch about 1 o'clock today arrested Albert Minter on West Washington street as he came out of the Parrell Pawnshop, on suspicion of being the person wanted for stealing tools from the plant of Morrison & English, manufacturers of cement blocks. The thefts have been going on for some time. Some of the stolen articles pawned at the Parrell pawnshop by Minter were recovered and have been identified by the owners.

"Scratch an American" says a European critic, "and you would find he is nothing more than a piece of machinery." A disappointing discovery. Still a European who scratched some Americans would be likely to get quit a kick out of it.—Philadelphia Record.

Credit Exchange Manager Speaks To Service Club

Ray Hall, Local Exchange Manager, Discusses Credits With Club Members

"Credits" was the subject taken by Ray Hall, manager of the New Castle Credit Exchange, when he addressed the New Castle Lions club at the Elks club today at noon. The subject was approached from different angles by Mr. Hall and comprised a general discussion of credits.

In his address, the Exchange manager related the three C's of credit. These he said are: (1) character, (2) capacity and (3) capital. The greatest of these, he said, is character.

An added feature of the meeting today was the detailed report of the meeting which the club conducted with boosters of Farrell last Tuesday night. He mentioned the fact that from the spirit manifested last week it is believed that a Lions club can be formed in Farrell. Lion Robert Taylor, chairman of the club's extension committee, made the report.

Tonight several members of the club will go to Farrell again for the purpose of further discussing the matter of organizing a club. It is planned to have the entire club go to that city on Tuesday evening, April 2, for a final meeting with the Farrell men.

Famous British Castle Rents For \$50 Weekly

(International News Service)
LONDON, March 25.—For fifty dollars a week you can rent one of the oldest and most historic castles in all England.

Sir Everard Doyle, the present possessor of Ludlow Castle, has advertised the place for rent. The following "ad" appeared recently in all London papers:

"Sir Everard Doyle wishes to let Ludlow Castle, Ludlow, having historical associations with early possession for three or four months at nominal rent of ten guineas a week; 16 bedrooms, six bathrooms, four reception rooms, electric light, central (steam) heating, hunting, golf and fishing."

Hoover Starts "Cleaning House"

(International News Service)
WASHINGTON, March 25.—President Hoover today started to "clean house" in the Republican organization of the South, which have been under fire because of patronage scandals extending over many years.

The President has repudiated the present Republican organizations in Georgia, South Carolina and Mississippi. They will have no voice in the disposition of federal appointments and in a public statement today Mr. Hoover declared it was up to the people in those states to effect a new organization.

The recent exposures of patronage scandals, such as the sale and barter of post offices and other federal offices, have been such, the President said, as to "render it impossible for the old organizations to command the confidence of the administration."

Riflemen Of York To Restore Old Statehouse

(International News Service)
YORK, Pa., March 26.—The Riflemen of York, composed of descendants of soldiers of the Continental army, are planning to restore the old state house which stood in Continental Square here more than 150 years ago.

The old state house was the meeting place of the Continental Congress for nine months after that body fled Philadelphia during the Revolutionary war.

Iowa Legislature Defines Roadhouse

(International News Service)
DES MOINES, March 26.—Just what is a roadhouse?

Those who have "dropped in" and gotten away after settling a bill that resembled Germany's war debt, have several definitions—

But this is the one presented to the Iowa legislature in a bill introduced by the committee on suppression of intemperance, to aid prosecution of dry law violations:

"A road house shall be construed to mean any building, permanent or temporary, open to the public and located on or accessible to a road or public highway outside the limits of an incorporated city or town where entertainment, food or drink is furnished to the public for hire, sale or profit."

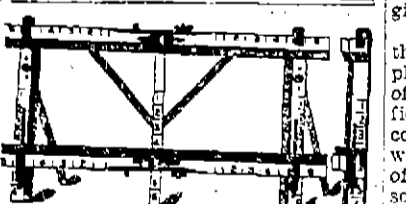

John Dubuque in 1785 founded the town now known as Dubuque, Iowa. He was a French-Canadian and had authority from Spain to work the lead mines in the vicinity.

June 11, 1813 the house of representatives voted to expel all reporters from the floor of the house.

Attorney M. J. Kraus Speaker At Kiwanis

ELLWOOD CITY, March 26.—At the regular meeting of the local Kiwanis club held in the Trinity Lutheran church last evening, Attorney M. J. Kraus gave a very interesting address. Mr. Kraus urged the members to follow the golden rule in both business and professional life, stating that business is the backbone of the nation. He then touched on the business laws and said that it was the business man's own fault if the government interfered with his business. He advised the members to maintain good relations in order to succeed. The business man must render a high type of service and he must forget the idea of profit alone. He said that business must be stabilized if the country is to have prosperity.

Following Attorney Kraus' address Dr. C. M. Herman, head of the business and law committee of the club, read the business principles of the club and also discussed the origin of the organization. He stated that the club was organized in Detroit in 1915 and consisted of a group of business and professional men organized for social purposes but later adopting a business code and then spreading to international aim.

ELLWOOD CITY, March 26.—A special meeting of the J. Wilbur Randolph Post of the American Legion was held last night in the legion rooms. About 40 legionnaires were present. The special meeting was held at this time to pay tribute to the late Marshal Foch who during the American period in the World war was generalissimo of the Allied armies and who until his death shared the honor with General Pershing of being the honorary head of the American legion. This part of the program was in charge of Comrade Ed Macdonald, who gave a very interesting talk on the life of Marshal Foch, how he had raised himself from obscurity to world prominence by sheer will power of never admitting defeat. In honor of the Marshal, Prof. Martin of the High school faculty sang a solo, the French Victory song.

During the regular meeting several matters of importance were brought up. Progress on the ticket sale of the movie "Flying Fleet" which is being sponsored by the Legion and the Bugle and Drum Corps, was reported. A second order of U. S. Army rifles is to be sent in on April 15, and all Legionnaires who wish to order one can do so by notifying either comrade H. E. King or comrade Howard Jones.

The committee in charge of the placing of additional names on the memorial tablet for World war veterans report that these names will be added soon and desire that all ex-service men who enlisted from Ellwood City check up on the list and see if their name is on the list. Additional names should be reported either to Commander Ted Knapp, Adjutant H. E. King or to any of the committee, Chief Meyers, Eddie Cain, or George Wilson.

The forty and eight of the American legion is reorganizing in Ellwood City and will meet at the Legion rooms on Wednesday evening at 8:00 o'clock.

After the meeting the legion was entertained by the young men's quartet consisting of Herbert Slocum, John Streeter, David Jones, and Tom Moorehead, assisted by Miss Slocum at the piano. Fine eats and cigars were later enjoyed by everyone. The next meeting will be held April 15.

HIGH LIGHTS OF HISTORY

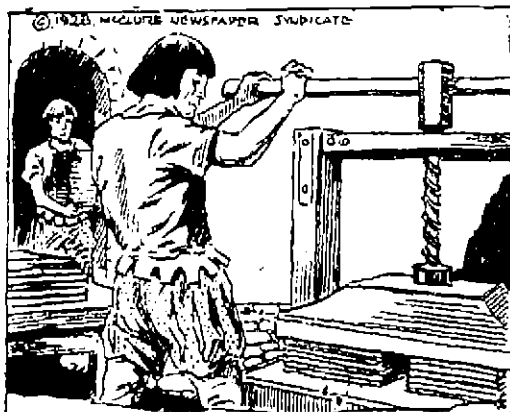

By J. Carroll Mansfield

The Story Of American Industry
Paper Making—(Part III)—Paper Making In The Middle Ages

UNTIL THE FIRST PART OF THE 19TH CENTURY, THE MAKING OF PAPER WAS ENTIRELY A HAND ART. FIRST, LINEN RAGS WERE TORN INTO SHREDS AND SOAKED IN WATER. THEN THE WET SCRAPS WERE PUT INTO A MORTAR AND POUNDED TO A PULP. THE PULP NEXT WAS STIRRED IN A VAT OF WATER UNTIL ALL THE FIBRES IN THE PARTICLES OF CLOTH HAD BEEN SEPARATED.

SCOOPED FROM THE VAT, THE WET PULP WAS MOLDED INTO THE FORM OF SHEETS ON WIRE SCREENS. AFTER THE EXCESS WATER HAD RUN OFF, THE SHEET OF PULP WAS TRANSFERRED FROM THE SCREEN TO A THIN FELT MAT.

FILES OF SHEETS, PROTECTED BY FELT MATS, WERE THEN PUT INTO A PRESS AND SQUEEZED TOGETHER. THIS PROCESS MASHED THE PULP FIBRES TOGETHER TO FORM A SOLID SHEET OF PAPER.

THE SHEETS WERE THEN TAKEN FROM BETWEEN THE FELT MATS, PRESSED AGAIN TO GIVE THEM A FINISH, AND HUNG UPON LINES TO DRY. THIS METHOD OF MAKING PAPER WAS USED UNTIL THE 19TH CENTURY. THE PAPER PRODUCED IN THIS WAY HAD A MOTTLED APPEARANCE, DUE TO THE MANY COLORS OF THE CLOTH SCRAPS FROM WHICH IT WAS MADE.

Wolgast's Speed Loses Filipino

Romeo Pacelli And Young Kaiser Stage Hot Six Round Battle

SEVERAL THOUSAND FANS WATCH FIGHT

By ED. FRITZ

Midget Wolgast, flyweight champion of Pennsylvania and one of the most colorful figures in the ring, fought his way into the hearts of the fans at the Kaiser stage last night when he gave a marvelous display of boxing and defeated the hard-punching Frisco Grande in a 10 round sensational bout.

Wolgast made it so with his lightning eye, feet and hands and his nimble brain gymnastically out-maneuvered the brain of the boy from the Philippines. Wolgast was entirely too fast in every department for Grande who kept trying all the time but the Italian-American proved a phantom to Grande.

Wolgast fought his hardest in the fourth round to even up for the third when Grande got an even break. He hit Grande with a right cross on the jaw that sent him flying back into the ropes. Had they not been there he would have went to the floor. They held him up and when he worked free again he was given a showery shellacking. He covered on the ropes as Wolgast attacked him unmercifully.

Grande kept trying to get his hands on Wolgast. He kept trying every minute but half of his blows sailed into the air as the Midget either sidestepped or beat him to the punch. It was only when they stood up and slugged that Grande got a chance to land his damaging left to the head and this did not apparently worry Wolgast. The judges said and the referee gave the fight to Wolgast. The announcer, Spike Eberie got twisted and gave the decision to Grande but an examination later corrected this and it will go down in the records and be carried by the newspapers as a victory for the boy from Philadelphia. The slips are in possession of the Pennsylvania Boxing Commission today.

Kaiser-Romeo "Hot" The semi-final between two strong punchers, George Rohanna and George Kerston did not go long, in fact it travelled two rounds. Rohanna knocked Kerston of Pittsburgh down several times in the two rounds. Kerston substituted for Bernie Hight who was injured in Erie last Friday. Rohanna is coming so fast that he simply was too good for Kerston. No one seen the fight however as they were too busy trying to figure out the decision mess.

Romeo Pacelli and Young Kaiser fought the other six round bout and it was a whole of a fight. The decision of a draw with mixed emotions. Some thought Kaiser should have won and others believed a draw was a fair verdict but one thing is sure that it was a fight and both boys can rest assured that they pleased the several thousand fans who witnessed the fight which it was very minute. In fact there have been few fights better in the bowl since it opened.

Burns Beats O'Leary Bobby Burns, Pittsburgh and Tom O'Leary, Wilkes-Barre, two Irish kids certainly went to it in a four round bout and Burns won by a wide margin. He followed the old rule "box a fighter" and "fight a boxer." O'Leary was as wild as a March wind and every time he missed Burns peppered him with lefts, Mickey Donato, Ashtabula and Young Stimpie.

Seven fought four last rounds but Dolgo had the best of the evening. There were several thousand people at the bowl. Rain which fell kept a large number from attending the bout. J. J. Kelly presented the fight. Com. Henry commission. Philadelphia was in charge and the commission named the judges. They were: Ben J. Dunn, George Dineen, Spike Eberie. Eberie of extra police and firemen were on duty and it was a night in which fans seen lots of fighting, a better entertainment and Midget Wolgast beat Grande.

Dobie May Quiet Cornell College Coaching Berth

Harry Stuhldreher, Famous Notre Dame Quarterback Is Mentioned

PHILADELPHIA, March 26.—Cornell's football squad may be under a new coaching system this fall. The new coaching system may be instituted by Harry Stuhldreher, the leader of the famous four horsemen of Notre Dame.

These "maybes" came to light in the past couple of days and to a head today with rumors that Gibson Dolbe, the dear Stuhldreher, had in his resignation as head coach at Cornell this week.

There has been more or less of mystery and undercurrent since the close of the 1928 football season, which marked the fifth disastrous year for Dolbe at Cornell. Cornell's alumni has been open in its expression of the dissatisfaction.

The suggestion of Stuhldreher's name as Dolbe's probable successor came as a surprise, as the famous Notre Dame star has served only one year of his five-year contract at Villanova. But from rumors reaching here from Illinois this obstacle has been overcome.

Stuhldreher, whose name is almost a household word, is now 27 years old. In 1922, 1923 and 1924 he led the four horsemen of Notre Dame and helped make Notre Dame's fame just a little greater. The star's work at Villanova has been one round of success after another.

Fields Captures Welter Title In Chicago Battle

Jackie Fields Licks Jack Thompson To Capture Welter-weight Crown

CHICAGO, March 26.—Jackie Fields, the California Hebrew whirlwind, today found himself in possession of the welterweight championship of the world, thanks to the national boxing association and his own prowess as a fighter.

Jackie won the disputed title in a 10-round mill with Young Jack Thompson, negro coast mauler, at the Coliseum here last night. It was an event that will live forever in the minds of those present.

The match was billed as a world title affair by promoter Jim Mullin after the national boxing association had declared vacant the welterweight throne of Joe Dundee. To make the award more impressive Mullin gave the winner a diamond studded belt, emblematic of the championship.

Fields' lightning speed, aggressiveness, under fire and ability to assimilate punishment earned him a margin and he was entitled to the decision. Thompson put up a great fight nevertheless, and had it not been for an unfortunate incident he might have won.

Church Team To Organize Wednesday

Members of the Crown M. E. baseball team are requested to meet Wednesday evening at 7 o'clock in the church. The meeting will start promptly at that time. At this meeting the team will be organized for the coming season and all arrangements for the participation of the team in the baseball activities of this district.

Westminster Floor Team Is Banqueted, Lawther Re-Elected

Great Westminster Basketball Team Of 1928-29 Enjoys Chicken Dinner

Athletic Council At Session Monday Re-Elects Lawther as Floor Coach

By "BUGS" WALTHER

NEW WILMINGTON, Pa., March 26.—At a dinner tendered the Westminster basketball team last night, in the Hotel Neshamock, by the college, with President W. Charles Wallace, presiding, it was announced that John D. Lawther, coach of the Westminster floormen for the past three years, had been re-elected for his fourth year.

The announcement from Andy McDonald, that the athletic council of the school had in an afternoon session re-elected Lawther, by unanimous vote, met with general approval throughout the college down, and especially with the members of the Titan team. Lawther is perhaps one of the most popular coaches to ever have a United Presbyterian team. Graduate Manager McDonald beamed with pride in making known that Lawther had been re-elected to another contract. The new contract is for one year.

Forty-three Present. As for the dinner, or banquet, we should say it was extremely fine and very unique. The meal consisted of fried chicken and all the trimmings, plus several extras, and what the hungry basketball players did to that food is nobody's business. The dinner, according to an announcement by Dr. Wallace previous to the start, was very informal. It was everybody for himself and the boys with broken arms and bandages were just naturally forgotten in the rush to devour that toasted "bird".

Forty-three persons gathered round the festive boards, including members of the team, athletic council, student managers, faculty supervisors, graduate managers and several invited guests. Included in that group were the members of "hard working" press.

The athletic council that met in session yesterday afternoon in the college gym and re-elected Lawther as basketball coach, consisted of Attorney Roy Neville of Sharon, W. B. McCrory and M. M. Edmondson of Pittsburgh, H. C. Getty of New Wilmington, Dr. Charles Fulton of Beaver, Charles Ayers, John Witherspoon and Wilson Roseford, Westminster students, and Andrew A. McDonald, graduate manager and secretary of the council.

No Speech Making. The unique part of the banquet was the fact that Dr. Wallace frowned upon speech-making of any kind, not that speeches are not nice to listen to, but most everything else that can be said about the great Westminster team of 1928-29 has been said, and there were simply no adjectives left to describe the feelings. Banquets minus speeches are okay with the writer, and what a relief. Professor

Love delivered the invocation previous to the start of the banquet. Just by way of a little entertainment, the famous Westminster floor "trio" consisting of Kenneth Delahanty, William "Bill" Lewis and William "Red" Crowell, sang a couple of popular songs to the delight of everyone present. The boys really can sing. Marshall Fisher, the boy with the deep voice, recited "The Cremation of Sam McGee," and Fisher waxed eloquent as he delved into the traditions of the far north, and the various hardships encountered by the gold miners along all that sort of thing.

Lawther is Praised. In speaking of the re-election of Lawther, the members of the athletic council praised highly the work of the former New Wilmington high mentor and former Westminster sport luminary. Lawther in his first year as coach of the team had a fairly successful year. In 1927-28 the Westminster Titans, under the tutelage of Lawther, ascended the pinnacle of the Tri-State Conference by snatching the championship. This year just past saw the Titans battling brilliantly for the title again, but two hard luck games, one at Geneva and another at Bethany, nullified the chances of the blue and white.

It was an enthusiastic gathering last night, and Westminster college's welfare was uppermost in the minds of everyone present. Westminster is just coming into its just rewards in athletics and well you are going to hear a lot about the United Presbyterians in the next few years to come. The Titans will make a spirited bid for championship honors next year in basketball, and the writer is of the opinion that when the 1929-30 year is recounted at a meeting akin to the one held last night, that Westminster will have again attained the highest honors in the tri-state basketball world.

The banquet was brought to an end by the singing of two Westminster songs.

TRAINING CAMP 'BUNTS' Baseball Teams In 'Big Show' Prepare For Season

SANTA ANA, Cal., March 26.—The Pittsburgh Pirates were forced to lower their colors again yesterday in a game with the crippled Portland Beavers. The score was 4 to 3. Lee Meadows was pounded for eight hits and three runs in the four innings he was on the mound. The Beavers team was crippled as a result of an auto accident Sunday, when Denny Williams, center fielder, was killed and five others injured.

ST. PETERSBURG, Fla., March 26.—The Athletics meet the Boston Braves here this afternoon in the first of a series of games, but as the final week of the spring training grind gets under way the A's are still far from satisfactory in the eyes of Connie Mack. Grove, star south-paw hurler, is out with an injured finger, and Shortstop Joe Bochy still has trouble with his throwing arm, while Pitcher George Barnshaw will be left at Hot Springs, Ark., a few days longer to get in shape.

WINTER HAVEN, Fla., March 26.—The Phils play the Cardinals here this afternoon in the first of four exhibition games that will close their stay here for this season. The Phils will start north April 3. Burt Shotton has assembled a somewhat better team than he had last year and may well give the other members of the National League plenty of trouble before the season is over.

TEAM WILL MEET The Colored Athletic Club will have a baseball meeting Wednesday night at 8 o'clock in the Elm street Y. W. C. A. building. Plans will be made to enter a team in the City and County League. All members are asked to be present, as this is an important meeting.

Announcer Makes Grievous Mistake Polish Falcons Win Two Games, Season Closed

Examination Of Officials Slips Shows Him To Be Wrong

GRANDE'S SECOND MAKES AFFIDAVIT

By ED. FRITZ

Spike Eberie, announcer at Jolly Bowl, pulled off a championship boner at New Castle Boxing last night when he announced that Frisco Grande had defeated Midget Wolgast when the slips showed that Midget Wolgast had won the fight.

How the announcer came to announce such is beyond the writer's conception. One judge gave the fight to Wolgast, the other called the battle a draw and Referee George Chip gave the fight to Wolgast and to be frank, Midget won the fight and won it with space to spare.

When the ninth round started, the writer knew that Wolgast, barring a knockout which seemed highly improbable, would be given the decision which he deserved and at Promoter Bill Jolly's solicitation went to Wolgast's corner to have Johnny Keyes, Mayor of New York Chinatown sign for Wolgast to Box Willie Davies. While I was in the corner talking to Keyes the fight ended and Spike got into the ring and belittled "Grande Wins." The crowd stilled then let loose with a bellow of boos.

Wolgast Won The slips were given by Eberie to Deputy Commissioner Larry Gent. At that time the writer did not know a mistake had been made by the announcer so we hustled over to Willie Davies and his manager James Buchanan and asked him to sign for Davies to meet Wolgast. "He did not win the decision" replied Buchanan. "I don't care what kind of a decision he was given, we replied 'Wolgast won that fight, if every man did in my opinion and I absolutely will not agree to Davies boxing Grande. Wolgast really won and it is up to him to sign against Wolgast."

Here's The Vote While the semi-final was going on I sought Larry Gent and could not find him in the big crowd which stood on its feet. As soon as the bout (Continued On Next Page)

Willie Davies To Box Wolgast Next Monday

Davies And Wolgast Finally Sign For Fight Long Wanted

Philadelphia was a bidder against the Jolly Bowl. It was announced today that Wolgast and Davies signed to box last night, five minutes after it had been discovered that Announcer Eberie had given a wrong decision.

When it was announced that Grande had won the manager of Davies said that he would not sign to fight Wolgast, as Davies had challenged the winner. He was told that such a decision was wrong and he was asked to examine the official slips.

When the commissioner showed them to Buchanan he was satisfied that Grande actually had received the decision, as Referee Chip had insisted, and signed along the dotted line with the remark: "I'm not afraid to sign my fighter against Wolgast or anybody."

Wolgast took less than 10 minutes to spread his name across the paper and told Ed. Fritz of the Zephyrus: "I'm coming to New Castle late this week to finish my training. I have been anxious to fight Davies for some time."

"They all look the same to me," said Davies when he reached a downtown hotel. "I'm in good shape now. I have been training really in anticipation of meeting Wolgast, now that we are signed I'm going to put up the fight of my career."

One of the chief drawbacks to signing the two great flyweights last night was the fact that they claimed meet a few of the people who boast of reading it. For such a high-class fight and Philadelphia was a bidder against the Jolly Bowl.

"You haven't enough seats here for such a fight and the price is too low. You will have to raise the price or I won't sign for Davies," said Jim Buchanan. The Jolly Bowl, knowing that the fans had waited a year, agreed to raise the price to \$2 and \$1.50.

This was the only way Promoter Jolly could secure the bout, and now that the two flyweights are matched to end the long mooted question, "Can Davies beat Wolgast?" and "Will Wolgast beat Davies?" will be settled once and for all next Monday night.

It looks as though there will be a grand rush for reservations as soon as the ticket sale opens Wednesday, as everybody present last night knows that Wolgast won and that Davies has beaten Grande. It is up to them now and the fans will see a great bout.

MIDGETS BEAT SLUGGERS The St. Josephs Midgets defeated the Soloto Street Sluggers 32 to 14 in a baseball game played on Saturday afternoon. Temples-Gersons End Fine Basketball Year

Temple Israel's Finish Second In Church League; Make Fine Record At Youngstown

Jewish Boys Turn In 21 Victories; Solomon-Rogovin Tie For High Scorers

By "BUGS" WALLER

The Temple Israel basketball team, also known as the Gerson Jewels, has completed a most successful basketball season. The Jewish boys won 21 games and lost 7 in a 28-game schedule this year. The record stands as a great achievement.

In the competition in the New Castle church league the Temple Israel team won 16 games and lost 2. The two defeats were handed them by the league-leading Central Christians. The Temple boys are to be congratulated on their fine showing in the church league.

Outside of the league the Temples went under the names of the Gerson Jewels, being sponsored by Jack Gerson, North Mercer street jeweler. In the Jewish league at Youngstown, O., the Gersons won three and lost five in league competition. Much of the success of the team this year goes to Keith VanFossan, the coach. The Temple boys feel that they were very fortunate in having a man of the caliber of VanFossan lead them, and hope that he will continue to direct their activities in other years to come.

Solomon-Rogovin Tied. The Gersons and Temples combined scored a total of 641 points this year against 492 for their opponents. Two leading scorers of the team were Eph Solomon and Dave Rogovin, both tied with 133 points. Solomon had the most field goals, but Rogovin had the most fouls. Rogovin had 50 field goals. "Sag" Levin, the energetic manager of the team, followed closely with 96 points. The Gerson combined had 239 field goals and 153 out of 311 fouls. Harry Davis deserves credit for his foul shooting, caging 25 out of 36 tries.

Following is the team records for the 1928-29 season:

We examined the slips in the presence of Jim Buchanan, manager of Davies, Ben Irvine, manager of Grange, Johnny Keyes, manager of Wolast, Pete Capitola, Timekeeper and the slips showed this:

Decision of Dunn—Wolast.
Decision of Chip—Wolast.
Under the rules of the Pennsylvania Boxing Commission whenever the judges split the vote of the referee carries. It is beyond all conception how Eberle came to announce the name of Grande as the winner and when it was discovered it was too late for an announcement. Spike Eberle will not announce at the Jolly Bowl in the future, according to the action taken last night. Errors of this kind simply ruin boxing.

Keep Your Eye On Browns

By QUIN HALL

Selecting the St. Louis Browns as the first ball club to be visited on the jaunt through the Florida training camps wasn't just a hit-or-miss proposition with your correspondent. The decision was made after no small amount of figuring.

"What would be sweeter," figured your correspondent, "than to have the first team visited in the Spring prove to be the last team to fold up its rigging at the close of the 1929 season?"

Before visiting the Browns at West Palm Beach, they seemed to have an excellent chance of coping the flag in the American League this season. After watching them practice for a few days, that opinion still remains—only it is stronger than ever.

Arriving at West Palm Beach I had a long talk with Mgr. Howley. Dan is one of these fellows who like right off the bat. He's so all-fired enthusiastic about his boys that you feel he has a regular ball club even before you see them in action. He's optimistic without being a braggart. He isn't boastfully claiming any pennant, but he knows how the Browns surprised the dopesters last year, and he'll tell you that he feels he has a better team this year than last.

"Last year in the thick of the race," says Howley, "I was handicapped because of the fact that I had no reserve. There were a lot of times when a good pinch hitter would have meant winning a ball game but I didn't have that pinch hitter. This year, it's going to be different. If a couple of these youngsters come through as I hope, the Browns are going to cause plenty of trouble in the American League. Even if all the youngsters don't click, we'll be better fixed than we were last year."

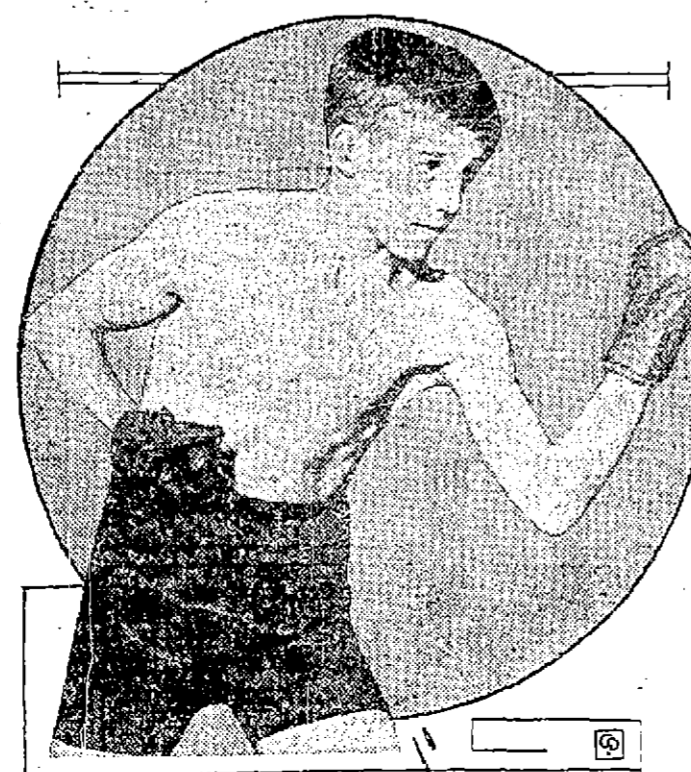

"I'm not boasting but I'll stand up all day to argue that the Browns

15-YEAR-OLD BOXING SENSATION

Nipper Pat Daly, though only 15 years old, is the ring sensation of Ireland, having already participated in over 100 contests. The Nipper, which is British slang for small boy, is now battling on the European continent.

The 1929 Oldsmobile is winning even greater admiration from owners, because it is DESIGNED TO DO ALL THINGS WELL

It is a relatively simple engineering task to design an automobile which emphasizes only a few qualities at the sacrifice of others.

It is an engineering achievement, however, to combine all desirable qualities to an outstanding degree in a balanced whole. Yet that is exactly what Oldsmobile engineers have done in the new 1929 Oldsmobile.

You have only to drive it to realize what brilliant speed—what mighty power—what thrilling getaway it provides. You have only to try it to know how smooth it is—how quiet—how easy to drive or to park. Its big high-compression engine now develops 62 horsepower and the piston pins are pressure-lubricated, a feature formerly characteristic of high-priced cars.

In appearance, this finer Oldsmobile is as beautiful and as smart as any car on automobile row. Its grace of line—its perfection of detail—its harmony of color—all bespeak the artistry of Fisher craftsmanship.

The interiors are luxuriously appointed and richly upholstered... they are roomy and restful as well. And the new Fisher adjustable front seat, combined with Oldsmobile's adjustable steering wheel, assures a comfortable driving position.

And as the months and miles roll by, Oldsmobile adds to the advantages of balanced design, the satisfaction of economy, dependability, and long life.

Come in. Drive the 1929 Oldsmobile. Enjoy the results of full development of all the qualities that contribute to motoring pleasure.

Westminster Track Men Stage Workout

Excellent Weather Affords Track Coach Graham's Squad Good Outdoor Workout

Fine Material This Year May Give Westminster Classy Track Squad

(Special To The News)
NEW WILMINGTON, Pa., March 26.—Taking advantage of the excellent spring weather yesterday, Coach R. X. Graham's Westminster college track candidates, 50 in number, held their first outdoor practice of the season on the football field below the gymnasium.

An early-season estimate of the squad would indicate that there will be a wealth of material in the sprints, weight events and hurdles. In the sprints, Deane Osborne and Kenneth Hemer of last year's team have been augmented by Chester Campbell, Edmer Reiber, Paul Stewart, Fred Fellmer, Charles Martin and David Maxwell. In addition to Ken Delahanty and Louis Pereseny of last year's team, James Graham, Ted Bair, Harry Brownlee are available for the hurdles. In the weight events Harry Brownlee, former Lock Haven star, Richard Fuller, football guard last fall; Charles Fulton, former Beaver track star; William Frack, former Okemunc high weight thrower; Louis Pereseny, a letter man from last year; Samuel Stewart, another of last year's letter men; Homer Dishong, Johnstown heavyweight; Harold Forsha, former Wyoming Seminary star; Wilson Cochran, Mercersburg academy weight thrower, and Russell Boone, a letter man from last year, are available.

In the distance events, Charles Campbell, a sophomore, who has not been out for track, looks like a two miler. Robert Wallace, Byers King, Ross Ellis, James Smalley, David Myers, Richard Rhoads, Andy Perrine and Russell Bethune of the cross country team are also likely looking candidates.

For the high jump and pole vault, Ken Delahanty, Captain Walter Hutchinson, Marvin Clark, Joseph Plopy, James Graham and Scott Hadden all look good.

As things line up now, the United Presbyterians should have one of the best balanced teams for the spring sport in the last dozen years. If April

weather permits plenty of outdoor practice, the blue and white scotch-clads should chalk up a few records before the season closes.

Baseball Ruzzlers

By CHARLEY BARRETT, Big League Scout Writing for Central Press and New Castle News.

The old Cotton States league produced a play some years ago that I will always remember. In all my experience I do not remember seeing it duplicated.

Several of us scouts were assembled at this time all interested in the same pitcher whose reputation had reached the ears of the managers.

The club for which I was working at the time did not have a big bank roll and I knew I had little chance of grabbing this fellow in case he proved to be the goods. Just the same I wanted to get an eyeful of his work.

Like many youngsters he was inclined to be nervous when tipped off that his work was being watched. He was trying too hard and was very wild. He was on the road too, before hostile crowd.

At any rate the score was tied in the last inning with the bases filled, two out and two and three on the hitter. A ticklish spot for any pitcher, and this kid was awfully excited. He thought his future might depend on that next pitch.

Naturally he tightened up and didn't come near the plate. Then came the amazing part. Both the batsman and the runner on third ducked for the club house the minute the umpire yelled "ball four."

The fellow on third made no attempt to score and the batter made no attempt to run to first.

threw the ball to the plate to first and to this day I don't know whether or every other base. Finally the umpire not the natives of that town ever beat it to his own dressing room and got squared on the play.

NEW YORK STOCKS

(International News Service)
NEW YORK, March 26.—Industrial stocks made a brave effort at the beginning of trading today to regain a part of the ground lost yesterday but the fierce current of speculative selling which surged into the market from all quarters blocked the progress of the feeble rally which developed shortly after the opening.
Though the money rate renewal was posted at 12 per cent. Wall Street felt a little more encouraged over the money situation. The Reserve Board has said nothing about higher rediscount rates for the time being, and nothing may be done along this line if other methods of curbing speculation are not resorted to. The day's borrowing brought about the desired results. A huge fund will be needed to pay April interest and dividends the first quarterly accumulation of the latter being the highest of the year.
The charge was raised in one shift from 12 per cent. at which figure renewals were made to the highest level in nine years. Local banks gave little or no relief.
The direct effect on the stock market, after a forenoon of further persistent liquidation, was another sweeping selling wave which forced down the price of industrial issues from 2 to 5 points.
The shorts were in no great hurry to cover, and the bargain-hunters were still in the fence, waiting for another downward shower or two before picking up their favorite stocks.
The turnover in the first half hour was 700,000 shares, with the tape tracing the market about 10 minutes. A second advance in the early trading and ran its recovery up to 94 for a new gain of 10 points, but selling orders showered down and the stock reacted to 92. Anaconda Copper dipped a point or two to 131, down 22 points from the peak of the month. Green Cananea lost 2 more at 154.
If the governors vote to close the big board on Saturday, following the good Friday holiday, only two full sessions of the market remain in this month. And the prospect of a higher rediscount rate overhauling a triple holiday was not such of an inducement to buy stocks.

Legislature To Seek Control Of Highway Funds

Beaver County Representative Introduces Drastic Measure In House

By ROBERT F. GORMAN
International News Service Staff
HARRISBURG, March 26. Representative Fred W. Patterson, Beaver county today introduced a bill in the House which would authorize the legislature to make appropriations to the State Highway Department out of moneys in the motor license fund. The bill would change the entire operating system of the Highway Department and set aside specific amounts for various purposes.

The preamble of the bill points out that appropriations to all other departments are under the control of the legislature and indicates the legislature should hold the reins in highway department expenditures.

The bill states that during the next biennium \$127,585,734 will be available from receipts of the Highway Department and that this amount does not include a balance at the end of the present biennium of \$20,389,046 which would make the total amount available \$147,974,780. This amount, says the Patterson bill, is available without an increase in taxation. Appropriations in the bill total \$124,533,077 and the balance at the end of the next biennium could be appropriated by the 1931 session of the legislature.

The Patterson bill sets aside among other items \$5,000,000 for highway department salaries, \$12,000,000 for wages, \$6,000,000 for motor vehicles, road machinery and maintenance, etc.; \$23,500,000 for new highway; \$21,500,000 for construction of township reward roads, \$6,000,000 for construction of state aid highways, \$12,000,000 for replacements and reconstruction of state highways and state aid roads.

Representative Black, Fayette, sponsored a bill prohibiting the use of physical violence against persons arrested and detained for crime. A bill introduced by Representative Root, Philadelphia, exempts manufacturers of cereal beverages from the provisions of dry laws enacted by the 1928 session of the legislature.

A score of bills were released from committee today, including the Sowers bill increasing the number of courts of common pleas in Philadelphia and establishing a district court of common pleas to be known as No. 6; Wheeler bill prohibiting the sale or possession of machine guns by others than police departments and the National Guard; Talbot bill exempting kerosene, fuel oil and gas oil from taxation; Kirkbride marriage code; Rieder bill designating the burgess who shall serve where two boroughs consolidate.

Ship Captain To Receive Hearing

Commander Of British Vessel Sunk For Rum Running Will Be Given Hearing

(International News Service)
NEW ORLEANS, March 26.—Capt. John Thomas Randall and his crew of seven men which manned the British schooner "Im Alone," sunk by coast guard shell fire in the Gulf of Mexico, will be given a preliminary hearing before U. S. Commissioner Reginald H. Carter, Jr., tomorrow.

To prevent habeas corpus proceedings threatened by the crew's counsel, charges of "conspiring to violate the prohibition law" have been filed against the crew. The skipper is charged with interfering with a customs officer's duties.

Captain Randall's counsel, contending that the skipper and his crew are "shipwrecked mariners" and are being illegally held. Edwin Grance, the crew's lawyer, said that unless the charges are against the men are dropped and the men are released, he would institute habeas corpus proceedings at once.

SHOT IS FIRED THROUGH DOOR; ARREST MADE

Angelo Balascio, 22 Center street, arrested last night by Lieutenant Hillers, Detective Logan and Officers Young and Lockard on a charge of being drunk and disorderly, was this morning assessed a fine of \$50, with the alternative of 30 days in the county jail by Acting Mayor W. T. Burns.

The police were called to the home of Maria Cranotte, 512 South Jefferson street, where they found that an unknown man had shot through the door. They found a lead bullet that had gone through the door into the Cranotte home, where there had been a number of people, the lives of whom had been endangered by the shooting.

A tip led the officers to the home of Balascio at 22 Center street, where he was placed under arrest. A .38-caliber revolver which was fully loaded, but smelled strongly of powder was found in his room and taken to the police station. An empty .38-caliber shell was found in the rear of his rooming place.

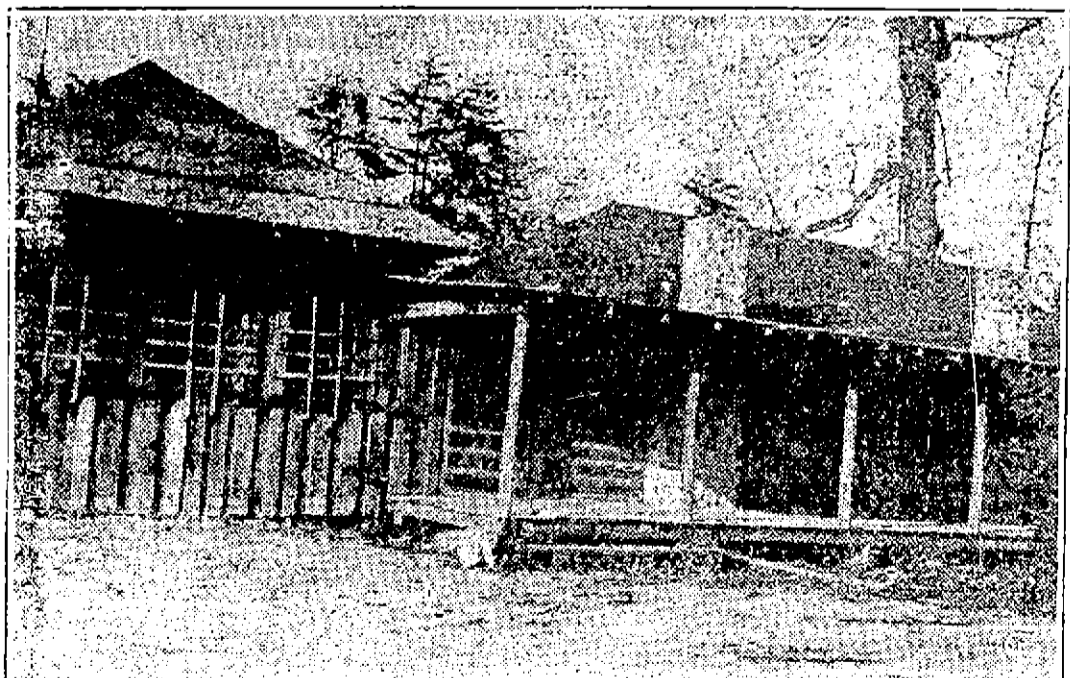

He was quite drunk when arrested and admitted being in the district where the shooting occurred, although not admitting the shooting.

Several people saw the shooting, stating that the man who did it came to the Cranotte door, swore and demanded admittance, then started shooting through the door.

Damages Claimed In Auto Accident

W. E. Howard Of North Beaver Township Claims Loss Of \$415 By Mishap

W. E. Howard, of North Beaver township, has filed a suit at the prothonotary's office against Fred C. Gibson and his wife, Marie Gibson, in which he claims \$415 damages as the result of an automobile accident. Howard claims that he was driving his team attached to a wagon down the Pitzer hill on the Mt. Jackson road, when plaintiff's automobile, driven by Paul Gibson, a nephew, struck a machine driven by David I. Patterson, knocking the Patterson machine against the horses driven by Howard. One of the horses was badly injured. Damages in the amount of \$100 is claimed for the horse and \$315 for loss of employment with the team by which plaintiff was able to earn \$8 per day. It is claimed that the automobile driven by Gibson was recklessly handled.

ABUSED BY WIFE, HUSBAND'S CLAIM

Alleging cruel and barbarous treatment on the part of his wife, Anna G. Bell, her husband, Clarence E. Bell has filed an application for divorce. They were married in July 1908 and lived together until February, 1928. Mr. Bell claims that his wife struck him while he was sick and that owing to her abuse he was unable to get sufficient sleep while sick.

NEIGHBORHOOD ROW RESULTS IN ARRESTS

Several informations were made before Alderman Mantz this morning as a result of a neighborhood quarrel. Nick Panella is charged with assault and battery on Vito Bongivengo; Mike Panella is charged with assault

on battery on Bongivengo and Peter Bongivengo is charged with assault on the authority of the Public Service Commission.

According to the report the decision was given in dismissing an injunction plea brought by property owners in Harrisburg against the Pennsylvania Power & Light company.

Officials of the P. & L. company today were asked if they had anticipated any such actions here, and replied they had not.

The great difference in rank was shown when only six lines were devoted to a cat from a house by the brother of the Prince of Wales—Mentioned Journal.
